## Record Highway Program Includes Route 51 Funds

Gov. Richard B. Ogilvie unveiled yesterday a record \$50.4 million highway improvement program for 1972.

Details of the 1972 program, Ogilvie's fourth since assuming office in early 1969, were outlined in Springfield by William F. Cellini, state director of public works and buildings, and Richard Gortemmer, chief highway engineer.

The 1972 program is \$61.7 million larger than the 1971 road plan. Nearly \$366 million of the total is from federal funds.

The program includes an allocation of \$200,000 for acquisition of right-of-way for the extension of FA Route 151 from Nieringhaus Avenue in Granite City to Broadway in Venice where the highway will be in with a relocated section of Broadway and the recently completed Broadway underpass.

It is the first fund allocation for the Route 151 extension since the section of the highway

from West Pontoon Road to Nieringhaus was completed two years ago.

**District 8 Funds**

The program sets up a total of \$77,355,000 for District 8 of the Illinois Highway Department. District 8 includes areas along Interstate 270 from the Chain of Rocks bridge to Interstate 55.

Noninterstate work in this area provides \$200,000 for improvements on the Interstate 270 Chain of Rocks bridge and \$250,000 for intersection improvements at Black Lane in

## 4 Burned in Venice Plant 'Arc' Blast

Four workers were burned when 13,800 volts of electricity jumped across a disconnect switch at the Venice power plant of Union Electric Co., creating a fireball which burned the men and blew out several windows and the door of a concrete cubicle at 1:15 p.m. yesterday.

Wayne Holt, 194 Benton St., electrical maintenance foreman; Gorman Rothsberger, Belleville, electrical mechanic; and Fred Labovay, 308 W. Chain of Rocks Road, assistant switchboard operator, were repairing a manual disconnect switch when the high voltage charge leaped across the room, creating the fireball.

## Terry Toth Installed as Arrow Chief; Tom Hooks, Others Win Vigil Honors

By WALTER STRANGE  
Press-Record Staff Writer

Terry Toth, 18, son of Mr. and Mrs. Tibor Toth, 3328 Colgate Place, was installed Chief of the Cahokia Lodge, Order of the Arrow, Monday evening at the annual lodge fellowship dinner at St. John's United Church of Christ.

Toth, a premed student at SIU-SW, is president of Explorer Post 10-4, a law enforcement specialty post sponsored by the Madison Lions Club and the Madison Police Department.

Lodge officers installed, who will assume their duties Jan. 1, were Brad Cowan of Granite City, lodge vice-chief, a member of Explorer Post 6, sponsored by Concordia Lutheran Church; Mike Bilbrey, Venice, a member of Post 10-4; and Jim Thorne of Granite City, Post 6, lodge treasurer.

The Order of the Arrow is a

national honor camping society within the Boy Scouts of America. The Cahokia Lodge has a membership of 450 adults, Explorers and Scouts from the southern half of Madison County and all of Bond County. Approximately 250 of the members are from the Quad-City area.

**Includes 3 Chapters**

The Cahokia Lodge is divided into three chapters, and the Chapter Chiefs for 1972 also were installed. They are Bill Fox, Madison, Uniwah (Quad-City) chapter chief; Tom Kuschner of Collinsville, Ill., chapter chief; and Greg Durbin of Highland, Kikapoo chapter chief.

Installing the new lodge and chapter officers was William Monical, Council Scout executive and Supreme Chief of the Fire.

**Vigil Honor Members**

Three members of the Lodge were formally installed as Vigil

Honor members, the Order of the Arrow's highest honor. They were Bob Loeschner and Ralph Matthews, both of Collinsville, and Tom Hooks of Venice.

Larry Todroff acted as installing officer for the Vigil, assisted by Vigil members Mike Durbin of Highland, retiring Chief of the Lodge; Ted Scrum, district commissioner for Uniwah district; and W. F. "Mick" Strange, Madison, chairman of the Vigil Selections Committee and past chief of the Cahokia Lodge.

G. Rolin Henn, council commissioner and charter member of the Lodge, traced a brief history of the Lodge since its beginning in the summer of 1937 at Camp Rankin, when Harold Lee, Edwardsville, was the first Chief of the Lodge.

John Chirch Hooks, Venice, retiring Vice-Chief of the lodge, gave a report to the Lodge on

## Council Fight Erupts Over Appointment Veto

A move to appoint State Representative Ibrice Calvo as bond attorney for Granite City's \$15.3 million secondary sewage treatment program hit a snag in regular council meeting Monday night, resulting in a heated debate and resulted in placing an ordinance for Calvo's appointment on first reading.

Calvo, a Granite City attorney, was named as bond attorney for the treatment program on a motion by Alderman Claude Green in the Dec. 20 council session. The bond attorney would handle the legal work on a proposed bond issue that is expected to total about \$3 million in revenue issues.

Mayor Donald Partney announced his veto of Green's motion early in Monday night's session. Fourth Ward Alderman R. E. Robertson protested the action, contending as he had done previously in an argument involving another veto action, that the mayor had no authority to veto a motion. The council, however, voted to place the veto "on file."

A short time later, Alderman Ray Poulos, chairman of the Ordinance Committee, introduced a prepared ordinance naming Calvo as bond attorney and including terms of a contract which would provide fees based on a percentage of the amount of bonds handled. Poulos moved the ordinance be placed on first reading.

As part of this project, the city will purchase one of the largest fatigue test devices ever built. The giant machine will stand 20 feet tall on a base 8 feet by 8 feet and will be installed in 1972 at the company's Granite City product development and test laboratory.

Carl O. Sundberg, FOR president, said the company's goal is to be able to fatigue test all its products just as it has done with steel beams and rods for 25 years. The larger size of the

## Babson Forecast—1972 Will Be Very Good Year

(Copyright, 1971, Publishers Financial Bureau)  
BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1972

By Babson's Reports Inc., Wellesley Hills, Mass., Dec. 30, 1971.

A year ago our forecast for 1971 looked hopefully toward a better business year than had prevailed in 1970. Unfortunately, the trouble spots we cited combined to frustrate the possibilities offered by the favorable forces.

For example, the vexing problems of high unemployment, underutilization of industrial productive capacity, dangerous inflationary pressures, the huge federal budget deficit, and the problems did indeed raise barriers to economic programs in 1971.

1971 — ANOTHER CRISIS YEAR

As we look back upon 1971, therefore, we can justly label it

another "crisis year," just as 1969 and 1970 had been. However, the crises of the previous two years were largely of a domestic economic nature, albeit the burden of the Vietnam war was a contributing factor to the dislocations.

In 1969, the main villain was the grinding credit crunch; in 1970, it was the narrow money corporate liquidity squeeze, plus two major strikes and the surprise of the foray into Cambodia.

In 1971 the focal point was more the "flight from the American dollar" in the leading foreign exchange markets of the free world. This crisis had been building for many years, and it also had been inexorably linked with a complex of other problems.

These included cost-push inflation, a steady weakening of the U.S. dollar's trading position, and the long succession of federal budget deficits and imbalances in our international pay-

## 10 WITHOUT A QUAD-CITY TRAFFIC FATALITY

At a meeting tentatively set for Jan. 18, the Taxpayers Public Expenditures group will consider ways of expanding public involvement in the organization's research and deliberations.

Projections of 1972 tax bills of record proportions are regarded as indicating that "we are long overdue in getting the Taxpayers Group formally organized, funded, and with membership representation from all segments of the community—labor, business and industry," a spokesman has told the Press-Record.

"The extension of the Madison County levy includes a general fund levy of \$3,464,000, compared with a levy of \$3,818,818 last year," the spokesman pointed out.

"This is due to new Illinois Constitution requirements which eliminate the use of fees to pay salaries and operating expenses of a number of the county offices."

Were this levy to be extended in full, a general fund tax rate of 36 cents per \$100 assessment would be necessary to raise the amount.

"Presently, however, the county's general fund rate is limited by statute to 10 cents

(Second in a series)

"Home rule" involves many powers which are being transferred to the local level from state government.

The home rule authority of particular interest to the Tri-County Taxpayers Public Expenditures Survey Group is the virtual elimination of tax rate ceilings.

The Survey Group concedes that there are advantages of non-limit taxes. But it believes that the absence of previous ceilings calls for accelerated citizen participation in governmental decision-making.

At a meeting tentatively set for Jan. 18, the Taxpayers Public Expenditures group will consider ways of expanding public involvement in the organization's research and deliberations.

per \$100 assessment. For this reason, the county will not collect, nor receive from the state, the 10-cent of the \$3,464,000 tax levy.

"The 10-cent allowable rate will give the county slightly less than \$3,464,000 on the basis of last year's valuation."

"The situation serves as a warning as to what might happen in the event the county eventually is

## Bandit Snatches Bag With Jaycee Funds

A robber snatched a check bag containing cash and banks from Shelby Hileman, who was soliciting funds for the Junior Chamber of Commerce talent contest, at 1:35 p.m. Tuesday while he was walking south in the 1000 block of State Street.

The man ran south and disappeared after turning west on 10th Street. The bag, which contained about \$50 in checks and about \$38.75 in cash contributed by local merchants, was found near the Travelodge Motel. Several checks were found.

The victim described the bandit as being black, 5 feet, 9 inches tall, medium build, in his late 20's and wearing a brown coat, jeans, dirty boots and a red knit hat with a bill.

## City Warned it May Lose Funds For Road Jobs

By HARRY BARNES  
Press-Record Staff Writer

New warnings that Granite City may lose substantial "outside" financial help for major street improvements unless it reduces spending from its motor fuel tax fund were sounded in regular council meeting Monday night at Mayor Donald Partney sought to block a \$115,000 MFT street project by veto action.

## High Board Staff Urges 10% SIU-SW Budget Cut

Southern Illinois University, Southern may have to substantially curtail plans for the School of Dental Medicine at Alton, a master's degree program in Nursing, and ethnic and special studies programs next year if budget cuts in these and other areas, recommended by the Illinois Board of Higher Education staff Tuesday are approved by the board.

The staff recommended a 10% overall cut in SIU-SW's 1972 budget which may necessitate drastic changes, according to Andrew Kachman, vice-president of academic affairs and provost. The requested budget of \$38.8 million was trimmed in the recommendation to \$35,719,782.

The University first requested \$36.6 million but later trimmed that figure to avoid a predicted 19% cut in new programs.

Hardest hit by the proposed cuts was the new dental school which had been expected to open in Alton in 1972. A total of \$1.7 million was requested but the board staff recommended \$1,062,653. The Council on Dental Education has requested the University not be in the program until it was assured of adequate financial support.

A lengthy debate marked by frequent verbal clashes between the mayor and Fourth Ward Alderman R. E. Robertson grew out of a series of developments threatening the soundness of the city's motor fuel tax program and the possible loss of several priority street improvement projects.

These developments included:

1. The Illinois Division of Highways notified the council that the city has failed thus far to prepare and file a long range (five-year) transportation plan. The deadline for filing such a plan was July 1, 1971.
2. Mayor Partney announced that a motion made by Alderman Robertson in the Dec. 20 council session that would award a contract to G. H. Stemberger & Co. in the amount of \$115,678 for improvement of Melrose and Oakland avenues.

3. A review of the city's MFT revenues and programs indicated the city will receive about \$245,000 in MFT funds from the state during 1972, while proposed MFT projects already tentatively filed with the state highway department involve construction costs projected at a total of \$1,215,000. In addition, 1972 maintenance operations will cost about \$230,000.

**Grants Available**

John F. Kusior, district engineer of Local Roads and Streets for the Illinois State Highway Department, in a letter addressed to Mayor Partney and presented as a memorandum to the council, pointed out that the city has an opportunity to obtain state and federal grants to improve local streets under the Federal-Aid Urban System, but that Granite City will be unable to obtain such grants unless it can provide matching shares out of its motor fuel tax fund.

In an obvious reference to the city council's 1971 MFT program in which it improved a large number of local street corners, and virtually exhausted its motor fuel tax accounts in so doing, Kusior said:

"The use of motor fuel tax funds to improve local streets out of proportion to the needs of the entire street system will affect the city's ability to obtain federal funds for Topics and the Federal-Aid Urban System."

He said that "it is apparent that the city council should re-evaluate its priorities insofar as the city's transportation system is concerned. A properly planned street system is necessary for the city to be a vital and growing community serving all citizens."

The mayor's veto was announced after Kusior's letter was read, and brought from

## 4 Arraigned in Pontoon Probe

Three officials and a newspaper reporter, charged with alleged illegal activities in National Township and Pontoon Beach, appeared for arraignment in Madison County Circuit Court in Edwardsville yesterday. The charges followed a grand jury investigation into activities in the village and township.

Fred Ribick, a Pontoon Beach trustee, who is charged with five counts of conflict of interest, was requested two weeks in which to obtain legal counsel. His request was granted by Circuit Judge John Gitchoff.

Louis A. Whitsett, Nameaki Township supervisor, also requested two weeks time to retain an attorney to defend him on a contempt charge. His request also was granted.

Two others charged with contempt, Wood River Township Supervisor Roger Elble, and Joe Melosi, an Alton reporter, pleaded innocent to the charges. Elble, Whitsett and Melosi allegedly were in a secret meeting in Elble's house with Steve Elble, a trustee of the village, and 10 others at which charges against the Pontoon Beach administration were discussed. The meeting preceded the opening of the grand jury investigation.

## Dr. Reed Sutton Appointed to Direct GC Air Pollution Enforcement Program

Dr. Reed Sutton, 33, of East Alton, was appointed as the new full-time Granite City Air Pollution Control Department officer during regular city council meeting Monday night.

The appointment was made by Mayor Donald Partney. The council concurred unanimously. He will assume his duties Feb. 15. The council set his annual salary at \$13,500.

Dr. Sutton has been a research chemist with Shell Oil Co. in Wood River 22 years and has worked in automobile pollution research 10 years.

He is a lifelong resident of this area and was born in Burnsville, Minn. He attended Wheaton College in Wheaton, graduating in 1940 with a bachelor's degree. He worked for Oil Industries in East Alton from 1940 to 1943 and entered the U. S. Navy where he served in communications from 1943 to 1946.

**Research Leader**

He attended the University of Wisconsin, graduating with his doctorate in 1949 when he began his work in research for Shell. Recently he was among

# Ancestors Are Mayflower Pioneers

## John Alden and Priscilla Mullens

By VALERIE EVENEDEN  
Press-Record Staff Writer

If Priscilla Mullens had not uttered the legendary phrase, "Why don't you speak for yourself, John?"—when John Alden proposed to her in 1621 on behalf of Captain Miles Standish.

And if Alden had not heeded Priscilla's advice and returned to court the young woman himself, ultimately marrying her in 1622, to the great distress of his older and more distinguished friend, Capt. Standish, the course of history would have changed drastically for many people, including a Granite City woman.

Mrs. Homer (Kathryn Lucille King) Flaxbeard, 2833 Grand Ave., is the great-great-great-great-great-great-great-granddaughter of John Alden and Priscilla Mullens, two major pioneers in American history whose romance blossomed shortly after the Mayflower landed at Plymouth, Mass.

### Parents of II

Their union, among the first to be sanctified in the New World, produced 11 children.

The Aldens' seventh child, Ruth, married a John Bass, and it was from this line in the Alden family tree that Mrs. Flaxbeard descends as a 10th generation descendant.

Descendants of the Alden offspring included such noteworthies as John Quincy Adams (1767-1848), sixth president of the United States; John Adams (1735-1826), second president; and John Quincy Adams (1767-1848), sixth president of the United States; John Adams (1735-1826), second president; and John Quincy Adams (1767-1848), sixth president of the United States.

Other scions of the family were William Cullen Bryant (1794-1878), the first American poet to become well known; and Francis Francis Adams (1807-1880), who served as U. S. Minister to Great Britain from 1861 to 1868 and was second son to Benjamin Franklin as an American diplomat.

### 12th Generation

The Alden-Mullens family tree also has roots in Madison where Mrs. Flaxbeard's sister, Mrs. William (Barbara King) Osburn, lives at 1669 Second St.

Two later generations also exist in the person of Mrs. Flaxbeard's two daughters, Mrs. Louis (Carol) Kuntz of Kingston, N. Y., and Mrs. Robert (Lorraine) Harris of Wall Lake, Mich.; the two children of Mrs. Osburn—Miss Debra Jean Osburn and Daniel John Osburn, both at home; and seven Flaxbeard grandchildren.

The 12th generation issue includes the Kuntz children, Esther, 10, Karen, 7, Louis, 6, and Erna, 4, and the Harris youngsters, Robbie, 7, Lori Lynn, 5, and Brian, 4 months.

Granite City PRESS-RECORD  
Page 2 Thurs., Dec. 30, 1971

Americans spend over \$1 million annually to trace their lineage. Mrs. Flaxbeard started her quest to authenticate the family history in January 1971.

Tracing Service High Her researching proved relatively easy compared to most ancestral investigations which usually require the assistance of a genealogist. To trace a family tree through eight generations generally costs about \$30,000, it was learned.

"We couldn't begin to pay anything like that," she commented, adding, "Everything just fell into place. We were very lucky." Her search was expedited by a list of marriages and births taken from an old family Bible which she received "almost by accident" from a relative of the second wife of her grandfather.

### Receives Old Record

Mrs. Flaxbeard said her grandfather, Sumner T. King, had been a member of the American Revolution since early 1900s. His whereabouts were unknown until 1938 when he was reunited with the family in Indiana. He had remarried in the intervening years and died in 1940.

The handwritten list of family members was mailed to her by a nephew of his second wife, who found the document in an old Bible.

Despite the accessibility of the printed record, the Granite City resident worked long and hard to authenticate the family's history as noted on the list. Each item had to be verified with appropriate legal documents, Mrs. Flaxbeard explained.

Documentation Required "Starting with myself, then my father, John T. King, and grandfather, Sumner T. King, I had to prove the progeny line backward," Mrs. Flaxbeard explained. "I had to prove the progeny line backward by producing birth, marriage and death certificates," Mrs. Flaxbeard explained.

To aid in the task she traveled east on several occasions, mostly to Massachusetts, site of many well-preserved homes of the early colonists.

Especially fruitful and equally arduous was a visit to Braintree, Mass., where historical records, original documents and artifacts are housed. At Braintree, Mrs. Flaxbeard examined the birth records and lineage of John Quincy Adams and other distinguished ancestors on the Alden family tree.

Lineage Traced The lineal descendants to Mrs. Flaxbeard from the Mayflower pioneers are authenticated thusly:

John Alden and Priscilla Mullens; Ruth Alden (7th child) married to John Bass; Sarah Bass (7th child) married to Ephraim Thayer; James Thayer (13th child) married to Deborah Arnold; William Thayer (7th child) married to Sarah Jones; William Thayer (2nd child) married to Sarah Trend; David Thayer (2nd child) married to Laura Stetson; Martha Hammond Thayer (4th child) married to Andrew G. King; Sumner T. King (2nd child) married to Minnie Kelly; John T. King (8th child) married to Ester Alma Crawford; and Kathryn Lucille King (1st child) married to Homer Earnest Flaxbeard.

Two weeks ago Mrs. Flaxbeard achieved her goal when she received an impressive certificate from the General Society of Mayflower Descendants recording her election as a member.

The document, dated Oct. 6, 1971 and signed by the prestigious society's governor-general, Dr. Lee D. VanAntwerp, and Corinne Damon, historian general, states:

"This certifies that Kathryn King Flaxbeard is a member of the General Society of Mayflower Descendants founded 12 January, 1897, to perpetuate the memory of the Pilgrims, to maintain and defend the principles of civil and religious liberty, to cherish and maintain the ideals and institutions of American Freedom and to oppose any theories or actions that threaten their continuity."

### Needed Sponsors

Becoming Certificate Holder No. 1448 in the society, even though the ancestral line was clear and precise, still wasn't an easy matter, the Granite City resident related.

Her initial attempt to gain entry was met with another requirement—that she needed two sponsors. Eventually, she was sponsored by the society's Illinois Branch and accepted by its general headquarters at Plymouth, Mass.

As a very special Christmas gift, Mrs. Flaxbeard presented her daughters with the society's certificate of membership and enrolled them in the Society of Mayflower Descendants. She also filed the necessary papers for her seven grandchildren to become full members.

### Alden Home Stands

One of her most interesting experiences in New England was in Plymouth, Mass., where the Alden family home, built in 1633, is still preserved and owned by one of their descendants.

After Alden married Priscilla

they purchased a 160-acre farm and, in 1631, he and Standish founded the town of Duxbury. He became one of the leading men in the colony and one of eight men who agreed to pay off the colonial debt.

His descendants served in the Colonial Legislature for several years and in 1633 was appointed an assistant to the governor, a position he held during most of his life.

John Alden was 21 when he sailed for the New World. He was the youngest signer of the Mayflower Compact, the first written plan for self government in America which also established just and equal laws for all. The compact was formulated and signed before the Pilgrims disembarked from their ship.

Glancing through the records and documents compiled by Mrs. Flaxbeard in her successful undertaking—one can capture the essence of a country's history from a slender thread representing the union of two pioneer spirits that reaches forward 350 years to now.

In a letter from the District, read at Monday night's meeting, it was announced the Hunt Food Product Co. will provide a tree for each Hunt label sent to the company, to be planted in a national area that has been destroyed by fire.

Darrell Weible, president, named Frank Butler, agricultural chairman, with a pledge by the members to reach a goal of 50,000 trees by Jan. 31 when the project ends.

Butler will collect labels sent to him and forward them to the District Chairman in Lansing, Mich. He will also collect and distribute labels to the project mail them to Butler at 2617 Kate St. or call 877-4246 for collection.

Weible also announced the mid-winter conference of Kiwanis Clubs will be observed in January and each local chapter is to set up projects to get young people involved in the national program of the organization.

The club planned to purchase a film in connection with the Operation Drug Alert program and will donate it to William Brown, who teaches at the Granite City High School, to show at any and all grade schools in District 9.

Under state legislation dates of the county board election were set for Feb. 8, for the primary, and on April 4 for the runoff election. Filings by candidates running on party ballots was completed in early November.

Meanwhile, only one withdrawal from the county election was reported at the county clerk's office. The withdrawal deadline was Monday afternoon, only candidates to withdraw was Dean Bridwell, Edwardsville, who withdrew from the Democratic race for Madison County Recorder of Deeds.

His action reduced the Democratic race to three candidates for the recorder's post—Ronald Lucas of Edwardsville, Blair Watson of Edwardsville and Von Dee Cruise of Granite City. It is the only Democratic race at the county level.

On the Republican ballot, the only candidate for recorder is Ralph Astorian of Granite City.

## MORE ABOUT Council Fights

General Assembly of the state of Illinois.

Robertson renewed his challenge of the mayor's veto authority and asked Scroggins if the mayor had authority to veto a motion. Scroggins quoted a statute stating that all motions, along with resolutions and ordinances, were subject to mayoral veto action.

"You'd have to prove that to me," Robertson said. Robertson then moved to override the mayor's action declaring out of order Poulos' motion to place the Calvo appointment ordinance on first reading.

The motion carried 9 to 3, with "no" votes cast by Aldermen Sam Whitmer, Tom Boker and Frank Greenwood. Those voting yes were Robertson, Green, Poulos, Dalton, Evered, Morley, Emerald Daves, Steve Basarich, Gerald Parmley and Paul Schuler. Aldermen Clyde Boyd and Walter Nann were absent.

A subsequent motion by Poulos that the appointment ordinance be placed on first reading received the same vote.

### Refuse Final Passage

The council refused Monday night, for the third time, to give final passage to an ordinance that would prohibit issuance of building permits for construction in the area of the Nameki Drainage Canal until applications for such permits are checked for proper drainage facilities by the city engineer and the Special Service Committee of the city council.

The ordinance was introduced by Poulos who moved for suspension of the rules to place the bill on final passage. Rules committee requires a two-thirds majority vote, or a minimum of ten affirmative votes. The motion to suspend the rules was defeated by a vote of 8 to 4. Opposing the action were Robertson, Poulos, Green and Dalton.

The bill was placed on first reading by a vote of 11 to 1 on a motion by Parmley, with 11 Morley votes.

Amotion by Boker authorizing the city clerk's office to call bids on pumping equipment can be used in a project designed to drain the Lynch-Vesce avenues area of storm drains in rainy periods was approved unanimously.

Mayor Donald Parnet vetoed Monday night an ordinance adopted in the Dec. 20 council meeting that would have provided double-time pay for working firemen on any day that the city proclaimed as a holiday.

The ordinance also provided that call-out pay for firemen would be based upon a 40-hour per week hourly pay. The mayor said that since the firemen are working a 56-hour week, the call-out pay should be based on this time.

The veto was "placed on file" by members of the council.

The aldermen also approved on final passage Monday night an ordinance providing that members of the police department be paid for attending court sessions when he is off duty. A minimum of two hours pay was set.

Additionally, the ordinance provides, members of the police department will receive holiday pay when a holiday falls on their days off, and that when a policeman works on a holiday he shall receive double and overtime pay.

Surviving are his wife, Mrs. Jane Mitchell, 2618 Kate St.; a sister, Mrs. Mary Parlett, and his parents, Mr. and Mrs. Frank W. Laule, all of Galesburg, Ill.

Funeral arrangements are given in today's obituary column.

Commerce Commission  
OK's Railroad Merger

A proposed merger of the Gulf, Mobile & Ohio Railroad Co. and the Illinois Central Railroad Co. was approved Tuesday by the Interstate Commerce Commission. When the two are joined, they will become the Illinois Central Gulf Railroad Co.

The merged company will serve a 13-state area on 9,400 miles of track. The ICC agreed to the merger with the stipulation that the Union Pacific and three voting trustees divest themselves of any stock holdings in Illinois Central Railroad.

The merger also includes three independently owned short line railroads in Mississippi.

the Arrow Nation Conference held in August at the University of Illinois in Champaign-Urbana.

Strange, training advisor to the lodge, presented the members and advisors with their training certificates earned by successfully completing a leadership training seminar held at SIU-SW recently.

**Receive Certificates**

In addition to the Lodge officers and Chapter Chiefs, those receiving certificates were Stephen Smith, Unihai Chaplain; Mike Siebert, Unihai Vice-Chief; Dennis Nemeth, Unihai Secretary; Terry Barnes, service committee chairman; Robin Nunn, activities committee chairman; Mike Menne-ric, membership chairman; Jim Hentz, ceremonial chairman; Maurice Dailey, finance chairman; Reg. Mennick, membership advisor; Jim Hor-el, unit elections chairman, and Todoroff, ceremonial advisor.

A special engraved plaque of appreciation was presented to Ray Gaudette Sr. retiring lodge advisor, by Mike Durbin. Gaudette received a standing ovation.

A special skit aimed at getting the members more involved in lodge activities was a highlight of the program.

The skit was humorously done as a revival style meeting, complete with chorus singing "Give Me That Old Time Involvement." Special readings from the OA handbook on camp promotion, working with local scout units and recruiting of new members were presented by "Dr. I. M. Involved," enacted by Bilbey.

Members of the chorus, dressed in choir robes, were Robin Nunn, choir director; Alan Siawar, Terry Barnes, Barry Gibbs, Jim Hentz, Kevin Kearns, Keith Wagner, Steve Smith, Mike Siebert, Richard Gaudette and Fox.

The meeting was closed by the 200 members attending forming a huge circle and singing the song of the Arrow, "Firm Bound in Brotherhood."

# Shopping Center, Kaskaskia Project Highlight Area Development

A \$25 million shopping center called St. Clair Square to be developed by May Stores Shopping Centers, Inc. in Fairview Heights will be the home of the new Famous-Barr Co. in Illinois. The two-level regional shopping center will be located on a 68-acre tract east of Illinois 159 near U.S. 50.

The new center, the third May Co. shopping center in the St. Louis area, will include a two-level, enclosed mall, and is expected to employ 2,500 persons. It will have two other major department stores and 50 smaller shops on the mall, totaling 700,000 square feet.

Parking for 3,800 cars will completely encircle the complex. The new Famous-Barr store is scheduled to open in the fall of 1972, with the mall and other stores following in the fall of 1974.

Part of area development involving state and federal action included the signing of the bill appropriating \$8 million for work on the Kaskaskia River channel.

Continued project by President Richard Nixon; Gov. Richard M. Daley's signing of the bill authorizing spending up to \$3,350,000 for a state office building in East St. Louis; and the Dynamic Museum-Performing Arts Training Center, headed by dancer Katherine Dunham, has received a grant of \$300,000 from the National Endowment for the Arts.

Custom Music Corporation has opened its first complete stereo center in Illinois at East Alton, located in the Lewis & Restaurant Motor Lodge and Restaurant complex, across from Eastgate Shopping Center on Illinois Highway 3. Additional Illinois locations are under construction in Granite City and Belleville.

In other business news, Lewis & Clark Restaurant in East Alton recently completed a renovation and expansion program, which enlarged their banquet facilities to more than 600, to become the largest in the Alton-River area; the Federal Reserve Board has authorized

Olin Corp. to continue its operations as a one-bank holding company, the Illinois State Bank of East Alton; and, Belleville Citizens Savings and Caseville Savings and Loan Association are planning to consolidate.

Midwest Rubber Reclaiming Co., East St. Louis, reported net income of \$84,537, or 88 cents a common share, in the fiscal year ended Oct. 31, compared with a net loss of \$12,400, or 30 cents a share, the previous year.

**Schedule Layoffs**

More than 100 salaried employees of the Casting Division of General Steel Industries will be laid off in early January if the strike by United Steelworkers of America continues. The proposed layoffs comprise more than half of the salaried workers employed at the plant since the strike of approximately 800 members of the work force began on Oct. 20.

Backers of a Missouri site for a second major airport in the

St. Louis area launched a counter-attack this week aimed at preventing an early decision to locate the field in Illinois. To overcome the Illinois advantage, Missouri backers are employing a three-pronged attack: (1) to exert political pressure in Congress to delay a decision until after the 1972 election; (2) to persuade the airlines to support a delay on action; and (3) to persuade the Missouri Legislature to create a proposed Missouri-St. Louis Metropolitan Authority for the airport.

Major airport in Missouri. In related actions, Senator Stuart Symington (D-Missouri), applied some political pressure in a letter to Secretary of Transportation John A. Volpe, whose new director of the Economic Opportunity Commission and, Civic Progress Inc., whose members include heads of the area's biggest businesses, at a meeting this week, issued a statement saying metropolitan St. Louis needs two major air-

## Ogilvie Turns Earth for SIU Medical School

Gov. Richard Ogilvie turned a symbolic spadeful of earth for the Southern Illinois University school of Medicine building during the weekend. A crowd estimated at 200 persons braved the teen temperatures at the site and then adjourned to the Springfield Memorial Hospital cafeteria where the governor discussed the new medical school.

"Quite simply," the governor said, "Illinois is not keeping enough doctors here at home. It has been estimated that about one of every four American doctors returns a portion of his training in our state—yet only a fraction of them stay to practice here."

The situation is compounded, the governor went on to say, by a serious problem of maldistribution. "We are not only a net exporter of medical talent, but we don't spread around the ones we keep."

"Understandably, doctors tend to cluster around the great centers of medical sophistication, especially the Chicago urban area where, until now, all of them have received their training. This leaves millions of downstate Illinoisans without adequate medical care."

"This Southern Illinois University medical school, for the first time in Illinois, comes to grips with this problem."

Ogilvie said the SIU school will emphasize production of doctors with a dedication to practicing their profession among farm families and villages all over our state.

The governor lauded the SIU plan which utilizes the classified and unclassified buildings at Carbondale and the facilities of Springfield's two hospitals in its teaching plan, thereby saving Illinois taxpayers millions of dollars in research hospital construction costs.

The SIU Medical School will accept its first students in 1973, just three short years after this institution first took shape as a feasible idea. Ogilvie said.

SIU Carbondale President Robert Lauer introduced the governor. Medical School Dean Richard Moy said the \$1,800,000 first stage building would provide classrooms, laboratories, administrative offices and a library space for the medical school.

## Man Struck in Face

James W. Burton, 2147 State St., reported at 2:10 a.m. Wednesday that he was struck in the left side of the face, causing a laceration, by an assailant who followed him out of the Coughlin Tavern, Pontoon and Namekigh roads. He said a mild skirmish followed. He was advised to file a complaint.

## Record Album Stolen

## Tax Limits

permitted to adopt home rule provisions, as some cities now are.

"Home rule applications under the new state constitution eliminate statutory limits on taxes and give home rule agencies substantial leeway in raising tax revenue."

"Granite City, for example, already has declared itself a home rule city and as such adopted a 1971-72 tax levy on which rate limits will not be applied. As a result, the city's tax rate will rise more than 18 cents per \$100."

"The tax levy of the City of Madison is highly impractical in that it extends levy figures far in excess of the allowable rates. Madison adopted a general levy of \$282.785 for the 1971-72 year against a tax rate limit of 25 cents per \$100 valuation."

"To raise the \$282.785 sought in the levy, a \$1.42 tax would be necessary. The limited rate of 25 cents will give the City of Madison slightly more than \$48,000 in general fund revenue."

"Madison also levied \$26.00 for street lighting, requiring a 10-cent rate when applied against the city's estimated valuation of \$18,802,901. This rate is limited by law at five cents which will raise only half the amount sought in the levy."

"Were Madison under home rule, these levies would be extended in full for a rate necessary to provide the amount levied."

The 1970 Illinois Constitution, which was effective on July 1, 1971, granted home rule authority to cities exceeding 25,000 population, including Granite City.

"Smaller municipalities, like Madison, can obtain home rule through an affirmative vote in an election. Among the requirements for home rule by counties is creation of the position of county executive—an official who would, in a sense, be the 'mayor' of the county. (Next—The growth of 'red ink.')"

## Four Boys Arrested

### In Vandalism Cases

Four boys were caught and arrested in two separate incidents of vandalism Tuesday afternoon.

A custodian at Lake School spotted two of them, 13 and 14, shooting windows out of the school with a BB gun, which was confiscated. Their parents were notified and agreed to pay for the damage.

The others, 12 and 13, were caught in a rest room at the Aro-Dressel Dairy where they were throwing coffee on the floor and walls. Bottle caps were thrown on the floor in a storage room. Police took them home and conferred with their parents.

## SIU Fund

Staff stated "The program has neither been reviewed nor approved by the Board of Higher Education." It also calls the need for additional engineering programs in Illinois "highly questionable."

The secondary school teacher preparation program budget was cut \$106,200 which may necessitate closing that field of study to new students. The cut was intended to reduce the number of secondary school teachers graduating into an already overcrowded field.

A 13% reduction in the administrative overhead at SIU-SW was recommended, cut by the administration from the administration's requests.

Overall, the mangled budget for SIU-SW recommended a 10% increase over this year's budget, although it is \$4 million below the requested increase.

For the most part, the recommendations were allowed for salary raises, price increases and higher expenses for the operation and maintenance of plants. These items alone would have added \$2.2 million to this year's budget and does not include the training of new programs, James Metcalf, comptroller, said.

Other recommendations included \$34 million for the Carbondale campus of SIU and \$447,700 for the trustees' office staff. A total of \$506 million is recommended for the other state colleges and universities, bringing the total for state higher education to \$587 million.

Cut This Year's Budget

The staff recommended \$500 million for higher education for 1971 and the state cut that to \$497 million.

James B. Holderman, executive director of the board of higher education, stated in releasing the staff recommendation, "We are clearly on notice that the fiscal plateau for higher education has been reached. The enrollment plateau is but a few years away. Higher education is not likely to survive if it behaves in ignorance of these realities."

In 1973, an additional \$40 million should be available for higher education, he indicated.

Commenting on the suggested cuts, John S. Rendleman, SIU-SW president, said reduced operating expenses likely will mean a reduction in the University's staff, since salaries are the largest single expense.

### Dies; Here 45 Years

Mrs. Grace Bourbon, 63, of 2738 Washington Ave., a 45-year resident of Granite City and an active participant in community and civic affairs, died Tuesday in Anaheim, Calif. where she was visiting her son, Archie Ted Bourbon.

Mrs. Bourbon had been employed at the Granite City Rexall Drug Store, former Miller's Drug Store, at Niedringhaus Avenue and State Street for the past 31 years.

She was a member of the Business and Professional Women's Club; Granite Chapter 659, Order of Eastern Star; a past president of Daughters of Union Veterans, and past worthy high priestess of Gabriel Shrine 78, Order of the White Shrine of Jerusalem.

Her husband, Archie Bourbon, died March 3 this year. In addition to her son, she is survived by a brother, Walter Gerst of Roxana.

Funeral arrangements are given in today's obituary column.

## Police Find Pillowcase

### Full of Pills on Bridge

A pillowcase full of pills, which police believe to be controlled drugs, was found lying in the eastbound lane at the west end of McKinley Bridge by Venice officers on patrol at 8:15 p.m. Tuesday.

Officers continued to patrol the bridge and questioned one man found walking at the side of the eastbound lane. He was released without charge.

## Scott to Base Campaign On Issues and Records

Illinois Atty. Gen. William J. Scott has filed petitions for the Republican nomination for a second term, subject to the March 21 primary election. In a statement this week, the candidate said:

"I am proud to run on my record of accomplishment," Scott said as he presented petitions bearing 9,500 signatures to the secretary of state's office.

Republicans who circulated the petitions in Cook County and downstate said they quickly obtained more than the necessary number of signatures.

"My campaign, which has already started, will be based on issues and records—my record during the last three years as attorney for the more than 11 million people of our state and my opponent's record for having been on the wrong side in the State Senate by opposing badly needed legislation," Scott said at a press conference.

**Reviews Achievements**  
The attorney general reviewed the achievements made during his first term in environmental, antitrust, law enforcement, consumerism, and other fields of activity.

Scott in a statement said: "When I took office three years ago there was the chilling prospect that our state was fast becoming an atmospheric sewer. At that time price-fixing conspiracies and other frauds against consumers were common."

"The rising crime rate was a major threat. The office of attorney general lacked the power as well as the capacity to protect the public in the urgent problems of environmental protection, consumer fraud, civil rights and scores of other needs."

"My office drafted and successfully fought for legislation designed to give the Attorney General the necessary power to be effective as the lawyer for the people."

est anti-pollution law, and with it we have started and won cases of major importance against such industrial and governmental giants as United States Steel, Commonwealth Edison, Interstate Steel, American Asphalt, the nation's major airlines, the city of Chicago and even the Atomic Energy Commission.

**Anti-Trust Legislation**  
"New anti-trust legislation which broadened the investigative power of the attorney general was prepared and sponsored by my office and enacted into law. For the first time a full scale anti-trust division was established and the first statewide criminal antitrust grand jury in the history of the state was convened."

"Indictments have been returned against coal dealers and beer distributors for restraint of trade and price fixing. The crime syndicate penetration of legitimate business was set back by a court decree in our anti-trust suit involving the juke box industry."

"Our Consumer Fraud and Charitable Trust programs have been greatly expanded. Dozens of rackets have been exposed and smashed and millions of dollars have been recovered for thousands of individual consumers."

The attorney general continued: "During the campaign the public will become fully informed about the shockingly negative record made by my opponent."

"Despite the series of scandals that has rocked our state in recent years, my opponent, as Chairman of the State Senate's ethics subcommittee, callously bottled up not only a tough conflict of interest bill our office drafted, but also blocked meaningful ethics legislation."

**Grand Jury Power**  
"He led the fight to prevent the Attorney General from having the necessary grand jury power to fight organized crime. He withheld support from vital non-partisan legislation to deal with collective biding and to outlaw dumping and dredging in Lake Michigan. "He even had the arrogance to try to take away the subpoena power of the attorney general in the area of white-

## Propose Ban on Hookups To Inadequate Sewers

Guidelines controlling new connections to sewers served by inadequate sewage treatment plants have been proposed by the Illinois Pollution Control Board, to forbid new connections to such sewers.

Steve Klein, assistant to IPCB Chairman David P. Currie, stated the proposal is based on the principle that a sewerage treatment capacity should be provided before, not after, development to avoid unnecessary pollution.

## Some Legislators Without Opposition in Primary Races

By RAY SERATI  
Copley News Service

Springfield — Several legislators are running unopposed for their seats in the March 21 primary election.

Some of the legislators or candidates are running at the present time without opposition from either party. It is possible that an independent candidate could file against those not having opposition in either party during the primary and thus at least giving them opposition for the November general election. Three Congressmen presently not only will be getting a "free" ride for the primary election as no one filed to run against them from their own party, but could conceivably be without opposition in November.

## Superintendents Honored at Street Dept. Party

Three men who have supervised the operation of the Granite City Street Department for 45 years were the honored guests at the department's annual luncheon and party. Lionel Portell, street superintendent, and retired superintendents Clive Curwright and William Warfield, were presented gifts from the department employees. Approximately 50 employees, retirees and guests attended the event which was held at the American Legion Hall, 24th Street and Madison Avenue.

Entertainment was provided by the Tamburitzan Sweethearts, who played native instrumental and sang Slavic and Croatian carols and songs. Members of the group are Debby Janco, Sheri Janco, Mary Ann Sporic, Judy Trfan, Jerry Klarich and Tony Zagar.

Bob Ming served as chairman of the event, assisted by Andy Boesch, Bill Hayes, Hugh Oglesby and John Pearson.

## Should Rewrite Laws Regarding Alcoholism

Last of a 4-part series  
By L. T. FRUIN, M.D.  
President, Illinois State Medical Society

Alcoholism is a number one health problem in Illinois. It crosses all economic and social barriers and is common to rural as well as metropolitan areas.

In the past "treatment" afforded most alcoholics has been a jail cell. Today the trend is toward recognition of alcoholism as a disease, not a crime. But in many Illinois communities alcoholics still end up in jail.

Under Illinois law, a drunk can be booked on a disorderly conduct charge and thrown into

a "drunk tank" to sleep it off. If he's an alcoholic, the next morning he often heads straight for a tavern again.

So the vicious cycle continues. The alcoholic receives little or no help and an unnecessary burden is placed upon our courts and law enforcement agencies.

**Would Change Statutes**  
That's why legislation proposed by Illinois Rep. John S. Matjivich, D-North Chicago, deserves support. His bill would modify the state's disorderly conduct statute to exclude intoxication alone as grounds for arrest.

"Because of our archaic and outmoded laws, our police spend too much valuable time

apprehending, booking and over-seeing alcoholics," Matjivich says. "All this is costly to taxpayers and prevents the police from doing their real duty—fighting crime."

It's time for Illinois to enter the twentieth century and realize that alcoholism and severe drunkenness aren't police problems, he said. "They're public health problems."

The Matjivich bill, called the "Alcoholism and Intoxication Treatment Act," would establish a comprehensive program for the prevention of alcoholism and the medical treatment and rehabilitation of alcoholics.

**Special Division Proposed**  
The measure would create a Division of Alcoholism within the Illinois Department of Public Health. The new division would be directed by a physician with special training and experience in the community management and treatment of alcoholism.

The bill would guide the new division would be an Illinois Advisory Council on Alcoholism with 14 members, including physicians, representatives of the state and rehabilitated alcoholics.

The council would coordinate all government programs relating to alcoholism and provide liaison to other organizations engaged in activities affecting alcoholics.

As Matjivich says, the bill "gives alcoholics medical care and follow-up support rather than imprisonment." The Illinois State Medical Society supports the Matjivich bill. Why not write your legislators and ask them to support it too?

## Retailers to Post Prices on Food Items

Retailers who fail to comply with the Economic Stabilization Act price posting requirements by Jan. 1, 1972, will be in violation of the law.

Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said today that the Economic Stabilization Act requires retailers to post the base price of all food products other than raw agricultural commodities and unprocessed sea foods. In addition, all retailers must post in each store department the 40 items with the highest sales volume or those items that account for 95% or more of the department's sales, whichever is less.

An exception has been made for low volume retailers with under \$100,000 total sales. They can meet the posting requirements for base prices as a single department.

The Economic Stabilization Act also requires merchants to make basic price information on merchandise not included in base price lists available for the asking. A sign not less than 10 inches high must be displayed on each floor of the store advising customers that base price information not posted for inspection can be obtained upon request.

Any merchant who is in doubt as to the Economic Stabilization Act or the regulations should contact the nearest Internal Revenue Service office.

Philpott also cautioned persons not to take the Economic Stabilization Act lightly. It is the all and anyone who is in violation of any order or regulation under it may be subject to penalties up to \$5,000 for each violation.

Robert A. Dwyer, midwestern regional director of the Small Business Administration, has announced the schedule of visits by an SBA circuit rider to East St. Louis for the first six months of 1972.

According to Dwyer, the circuit rider's visit will resume Thursday, Jan. 6. Other visits, he said, will be made Feb. 3, March 2, April 6, May 4, June 1, and, subsequently, on the first Thursday of every month.

While in East St. Louis, Dwyer added, the circuit rider headquarters in the offices of that city's Chamber of Commerce, 234 Collinsville Ave.

According to the director, further information about the circuit rider may be obtained by calling the Chamber at 618-874 or by the SBA circuit rider in Springfield at 217-525-4416.

Dwyer stressed that the circuit rider program is not limited to citizens of East St. Louis and urged residents of all of St. Clair and Madison counties to avail themselves of it.

## Simon Finding Boulders, Potholes in Political Road

**By KEN WATSON**  
**Copley News Service**  
Springfield — Paul Simon's easy ride is over.  
All of a sudden the lieutenant governor is finding boulders and potholes on the road he hopes will lead him to the governorship of Illinois.

Some of the troubles have resulted from developments over which Simon has had little or no control. But some of his problems he has caused himself.

Chicago Mayor Richard J. Daley must bear the chief blame for the fiasco that marked the slating then discarding of controversial Cook County State's Attorney Edward V. Hanrahan for a second term.

But Simon gave up some brownie points on his own by not following the lead of U. S. Sen. Alton S. Chase and some other prominent Democrats who were attacking the NAACP and opposing the Hanrahan slating from the outset and publicly declaring that he would not support him.

Although the Simon camp would like to peddle the theory that he worked behind the scenes in the effort to oust Hanrahan the accepted facts of the matter are that it was the furious uproar from Chicago Black Democrats bitter about Hanrahan's role in the Black Panther case, plus the Stevenson denunciation, that forced the

**Loses Voter Endorsement**  
Simon lost another round on the Chicago front when the Independent Voters of Illinois endorsed his primary opponent Walking Dan Walker. In the past Simon has generally enjoyed the support of this liberal and far from insignificant Chicago group.

Although the IVI state chairman spoke sympathetically of Simon, he nevertheless lost out to Walker by a 3 to 1 margin.

## Common Misbelief About Rabies in 'Dog Days'

(This is number two in a series of articles about rabies. The series has been prepared by the Division of Preventive Medicine, Illinois Department of Public Health.)

A common misbelief about rabies is that the disease is seen only during the "dog days." This arises from the fact that in the late summer weeks, Sirius, the dog star, is high in the sky during the morning hours. The ancients believed Sirius, adding its heat to that of the sun, was responsible for driving dogs mad. Actually, figures show late spring as the worst season for rabies.

Even today some people mistakenly believe the disease is caused in other ways, such as eating garbage, lack of water, unsatisfied desires, or fatigue, but the disease is actually caused by a virus.

If your dog develops rabies, it is important for you to know where the virus is located in his body. There is no danger of getting rabies from his blood, urine or tears. Likewise, if your cow becomes rabid, you need not be afraid of catching the disease by drinking pasteurized milk from the rest of the herd.

## Miss State Teen-Ager Entries Being Sought

The eighth annual Miss Illinois Teen-Ager Pageant will be held this year in Harvey.

Last year it was held in Springfield with 89 girls participating from all over the state, and Miss Ann Bossingham of LeRoy claiming the title of Miss Illinois Teen-Ager.

Past winners include Isabelle Haines of Mundelein 1965; Melinda Lewis, Belvidere 1966; Cynthia Smith, Rockford 1967; Colleen Peterson of Rock City 1968; Gail Van Dee, Chicago 1969; Pauletta Audas, Oak Forest 1970.

Girls 13-17 will be judged for their scholastic achievements, civic contributions, poise, personality and appearance, and there is no bathing suit or talent competition involved. There is no entrance fee.

Winner from Illinois will receive a four-day (Aug. 23-26) expenses paid tour of Atlanta, Ga., where the national finals will be held on Aug. 26.

"What's Right About America" is the theme of the national finals, and state winners will be asked to write a theme on this subject, as it will be included in the judging. Each state winner at the finals in Atlanta will receive a scholarship, as well as first and second runners-up from each state.

Applications may be obtained now by writing the Official Certification Headquarters for the State of Illinois, 126 Bunn Drive, Rockton, Ill. 61072.

# GCHS 3rd at Midpoint of Mat Tourney

By GARY SCHNEIDER  
Press-Record Staff Writer

Granite City High School wrestlers, hosts of the annual holiday wrestling tournament yesterday and today at the school gym, fell to third place in team points after three rounds of competition yesterday.

It was no surprise that powerful Riverview Gardens from the west side of the river would make a strong showing its first time in the tournament, and after yesterday's matches, it accumulated 14 points to head the list. Bloomington was second with 13 and the Warriors trailed with 10.

Other team scores after yesterday's rounds were: Jacksonville eight, East St. Louis Lincoln seven, Alton, Carbondale and Sterling six, Belleville East, Roxana and Bellevue five, East St. Louis and Edwardsville four, Peoria Richmond three, and Bethalto Chicago Memorial and Wood River one.

Lincoln, the defending champion for the second consecutive year, was expected to have been higher in the rankings following the early rounds, as was Sterling, last year's second-place winner and a former tournament champion. Under the point elimination system being used in the tournament, three Warriors were placed out in yesterday's action. Andy Miosky (155) was the first, losing 9-2 in his first round and by a pin in 3:13 in the second round. He was the only Warrior casualty in two rounds.

Phil Lapinski (98) and Rich Paschdag (145) were victims of penalty points in the third round. Lapinski lost 10-5 in his first round, won the second 15-4 and lost in yesterday's final round 4-2. Paschdag won the second round on a 16-4 decision but lost the first round 4-2 and the third round 6-2.

**2 Clean Records**  
Of the remaining Warriors, only two have won all matches by falls for a clean penalty point record. They are Tom Kalert (185) and Craig Stephens (heavyweight). Kalert, a senior, defeated Gary Rose of East St. Louis, Kevin Campbell of East St. Louis and Randy Decker of Edwardsville in times of 1:58, 1:59 and 3:27.

Stephens kept his record point free with pins against Rick Hamilton of Bethalto (2:30), Al Scronce of Carbondale (3:07) and Bill Baltz of Bloomington (3:39).

Four other Warriors are undefeated but under the penalty point system have collected points for decision wins. Each wrestler is eliminated when he accumulates six penalty points.

**Undeclared Warriors**  
The undefeated Granite City matmen, their scores in the first three rounds and the number of penalty points against each of them yesterday were: Gary Loy (105), 7-0, 7-0, 7-2, three points; Kerry Johnson (119), 4-3, 8-4, fall in 4:35, two points; Kevin Niebur (126), 6-1, 17-0, 6-1, two and one-half points; and Doug Wilson (132), 6-0, 6-5, bye, two points.

Harry Miller (112) won the first round with a fall in 4:45 and the third round by a pin in 1:30 but fought to a 4-4 draw in the second round for two penalty points.

Charlie Mayfield (138) was the only other Warrior still in competition, but with four penalty points. Mayfield lost the first round 6-2, earned a pin in 4:27 in the second round and completed yesterday's competition with an 11-3 decision win.

**Schoolboy Injured**  
Jack Schooley (167) was still in competition after yesterday's bouts with 4½ points, but in the close of the third round landed on his head and was rushed to St. Elizabeth Hospital in a dazed condition.

He was admitted overnight for observation and forfeited today's matches. He had earned 15-12 and 18-2 victories in the first two rounds.

early rounds but lost the final round 8-5.  
Another wrestler injured was taken to the hospital for X-rays and was released.  
At least two rounds were expected today before all but four wrestlers in each weight class are eliminated. Round-robin competition was set for this afternoon with the champions begin determined about 6 p. m. An awards ceremony will follow the final competition.

### Buddell Named Olympic Trainer

Wilfred Buddell of Southern Illinois University-Southwestern has been appointed as trainer for the United States Olympic soccer team. It was announced today by Bob Guetler, head coach of the U. S. team.  
Buddell currently is a member of the health, recreation and physical education staff at SIU-SW and serves as head trainer for all the local Cougar athletes.  
He is a resident of Alton where he has long been associated with Alton High School sports and is a registered physical therapist at Alton Memorial Hospital.

## Venice Devils Knocked Out Of Tourney by New Athens

The Venice High School Red Devils were knocked out of the Columbia Basketball Tournament Tuesday when they lost to New Athens 60-35 after winning their opener Monday 50-49 over Valmeyer.

New Athens took a first quarter lead 15-12 and held it the entire game. It was 28-23 at the half and 47-35 going into the final period.

New Athens led in field goals 26 to 23 while Venice was one up from the charity line 9 to 8.

The Devils committed 14 personal fouls, and New Athens 12.

New Athens' James was high point man with 19. Ray Mosby tagged 15 for the Devils.

Other Venice players scoring were Dan Severs, Jim Ohlendorf and Barkley Bailey 7, Dan Maurer 5, Ron Henry 4, Randy Siltan and Cornelius Wiley each 2.

The Devils were the defending champions, winning the Columbia tourney five of the last six years, including the last two years in a row.

Venice's overall cage record this year is 20-4.

In their opening game against Valmeyer Venice was behind at half time, 18-16, but picked up steam and led the rest of the game, 38-37 at the half and 63-51 at the end of the third quarter.

Venice led by only one in field goals 28 to 27, but were

## Extension Service Opens Area Office

The Cooperative Extension Service now has an office in the Quad-City area at 422 Madison Ave. The center serves as office, classroom and workroom for the Expanded Food and Nutrition Education Program which began in Madison County in January 1969.

Through its program women are employed as program assistants to teach their neighborhood homemakers how to prepare more nutritious meals, buy food more economically, and plan better balanced meals. The program assistants working in the Quad-City area include: Rosetta Koonce, Eagle Park Acres; Drew Helen Johnson, Lee Wright Homes; Leora Howlett, North Venice and Viola Jones Homes; Wilma Han-

## Theft from Auto

Barbara Sanscoso, 3021 Maryville Road, reported Monday that a silver jewelry box, a pair of black gloves and sun glasses valued at \$22 were stolen from the glove compartment of her auto while it was parked at home during the night.

The program assistants are supervised by extension advisor, Catherine Mauck and assistant extension advisor, Darlene Heer. The Expanded Food and Nutrition Education Program is sponsored by the University of Illinois Cooperative Extension Service.

## Advance Plan for Conservation, Environmental Education

By RAY SERATI  
Copley News Service

Springfield—A series of meetings have been slated for January by the office of State School Supt. Michael J. Bakalis in an effort to get additional information to upgrade a state plan for conservation and environmental education.

Bakalis' office reports that in January a series of meetings will be held throughout the state to acquire input from teachers,

universities, private organizations, government agencies and individuals for the state plan in conservation and environment.

Officials in Bakalis' office say they are hopeful that the phase one of the state plan could be completed by Aug. 1, 1972.

Some of these include funding from federal, state and private agencies. There also is an

effort underway to catalog all public and private agencies involved in environmental education and the distribution of the information to all school districts and interested persons. Officials in Bakalis' section of Conservation and Environmental Education have also been writing a manual for teachers of environmental education and curriculum guides. Also being planned is a survey of the state's schools to find out what is presently being planned and taught.

Bakalis' office also is encouraging school districts to make proposals under the federal program to become available for public funds from the federal government.

The Conservation and Environmental Education section is now being headed by Dr. David W. Yassen. The previous head was Robert Ring who worked for the state some 40 years.

WINTER HOLIDAY DRIVING TIPS GIVEN BY POLICE

## Winter, Holiday Driving Tips Given by Police

This is the time of year when winter and holiday driving mix together, and with the resulting traffic tie-ups in mind, Police Chief Ronald J. Veizer today issued these reminders for Granite City area drivers:

Be sure your car is equipped with the proper traction aids for prevailing weather and road conditions. According to the Committee on Winter Driving Hazards of the National Safety Council, regular snow tires should be used in the minimum to replace conventional highway tires.

Studded snow tires are preferred for better stopping and traction on ice. The chief warned, however, that you must be sure studded tires can be used in the areas you will be driving.

Reinforced tire chains are all-around best for severe conditions—both deep snow and glare ice.

Chief Veizer cited other recommendations also endorsed by the International Association of Chiefs of Police:

Severe weather stalls and accidents can be avoided by taking your vehicle to a competent mechanic for a checkup.

## 2.6 Million Tons of

## Coal Mined in November

Illinois coal mines yielded 2,672,248 tons of coal in November with 26 strip mines producing the majority, 1,622,707 tons and 25 underground mines yielding 1,049,541 tons, David L. Guley, director of the state Department of Mines and Minerals, announced this week.

Perry County led in production with 420,767 tons mined. There were one fatal accident and 32 nonfatal accidents in the state's mines during the month, Guley said.

## Ralph Astorian In Bid For Recorder's Post

Ralph Astorian of Granite City who has filed nominating petitions as a Republican candidate for a Madison County recorder of deeds subject to the November election, today announced a campaign statement.

The statement said: "I have been a Republican precinct committeeman for four years in the 10th Precinct, Granite City, and presently I am serving as vice-chairman. I am a member of Gov. Ogilvie's Advisory Council.

"I entered politics in 1951 at 19 in the city of Chicago at the Republican National Convention. I was an active young supporter of Dwight Eisenhower. I was not an official delegate but this was a voluntary move to help Dwight Eisenhower in his bid for the Presidency. I always have been interested in politics and have taken a course in practical politics.

"I am a member of I.B.E.W. Local 1485, serve on the executive board and am recording secretary to the board. In addition, I am a trustee of the local's Welfare Fund, chairman of the Investment Committee, parliamentary and stock steward. I am also a member of Electro Credit Union (Assets of \$4,000,000) and serve as director and vice-president, membership officer, accounts collection committee chairman.

"I recently was elected vice-president of the Crippled Children Society of Granite City and served last year as special contribution chairman for the March of Dimes.

"My pride and joy is working with the Junior Achievement Organization for the past 10 years. I have served as advisor and coordinating advisor for high school juniors and seniors giving instruction on the free enterprise system.

"I am presently employed by the Union Electric Co. — with the title of statistician and primarily responsible for the five-year sales forecast and budget. "I have 20 years service with U.E. and consider this a strong asset for the position of recorder because of the valuable office experience.

"I am a lifelong resident of Granite City and have resided at 1716 Maple Street for 39½ years, which is my present age. I attended the local Granite City schools and Washington University. I have a certificate in business administration and 11 credit hours in real estate courses. I am a member of St. Joseph's Catholic Church. I am a Korean veteran.

I feel I have good judgment and integrity, resolve and dedication. Most important I have a strong dedication and love for people, vigor, wisdom and integrity which is the single most important asset as I plunge into the challenges of the future."

## Madison Man Named On Three Charges

Elmer "Jesse" Asher, 28, of 1420 Second St., Madison, was arrested at home at 10:50 p.m. Monday and was charged with battery, resisting arrest and disorderly conduct.

Asher allegedly struck his wife, Mrs. Louise Asher, on the head and arm several times with a broom stick during an argument. She was treated at St. Elizabeth Hospital and released.

Officers said Mrs. Asher reported the incident and when they attempted to arrest the suspect, he became abusive with officers and force had to be used to arrest him.

## Madison Man Charged In Teamster Shooting

Leo Thomas Cosgrove, 46, of 1702 Edwardsville Road, Madison, was charged Monday with the fatal shooting of a St. Louis teamster two weeks ago in St. Louis.

Cosgrove was named in a first degree murder warrant in connection with the death of Billy Wayne Hopper who was found shot to death in the cab of his truck. Homicide detectives have said the shooting may have been linked with the recent Teamsters Local 600 election in St. Louis in which the incumbent slate was returned to office.

Cosgrove, also a teamster, was a member of that local.

Hopper had several arguments with fellow teamsters prior to his death and had returned to work two days prior to the shooting, allegedly after he was beaten, detectives said.

Cosgrove was free on bond when he was arrested by homicide detectives at Southwest Freight Lines Co., St. Louis. He was charged with discharging a firearm in the city limits and impersonating a police officer in February. The case had not been brought to trial.

## Jerry L. Bartlett

## On Duty at Hawaii

U. S. Air Force Staff Sergeant Jerry L. Bartlett, son of Mrs. Betty Guilley, 207 Granite City, Venice, has arrived for duty at Hickam AFB, Hawaii.

Sgt. Bartlett, a fuels specialist, is assigned to a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and Pacific area. He previously served at McConnell AFB, Kan. The sergeant is a 1965 graduate of Venice High School.

## Fishing Boat Stolen

Burglars attempted to pry open a metal coal chute at the rear of a storage shed at Granite City Boat & Motor Co., 2410 Madison Ave., it was reported at 2:30 p.m. Monday. Also reported was the theft of a 16-foot aluminum fishing boat from the yard during the previous two weeks.

Vaughan to Contest House Election

DECEMBER 30, 1946

Schuyler B. Vaughan, who was a candidate for the office of state representative from the Madison-Bond Counties district, announced that he will file a contest to the election in the Illinois General Assembly. The count for the election was O. E. Hodge 42,628; Lloyd "Curly" Harris 40,260; Leland Kennedy 40,155; and Vaughan 39,614.

Press-Record customers were generous as well as merry this year, brightening the holidays for the 71 newboys by gifts to them which totaled \$1,065.

Mr. and Mrs. J. W. Holsinger and Mr. and Mrs. Norman Holsinger and son, Kent, were holiday guests at the home of Mr. and Mrs. Harry E. Mueller in Salem, Ill.

Despite extremely bad weather and a stubborn Madison High School football team, the Granite City Warriors coached by Lawrence McCauley came through with an 8-0 victory and assured themselves of at least a tie and possibly undisputed possession of the championship of the Southwestern Conference.

Novel Stirrs Memories of War II

COMDR. PRINCE, USN; by James Bassett; Simon and Schuster; 415 pages; \$7.95.

Reviewed by FRANK MACOMBER

The Empire News Service.

Jim Bassett tells this story of the war in the Pacific with the expertise of an officer who spent four years in the U. S. Navy, part of it on the staff of the Pacific War Museum, and William "Wild Bill" Halsey, and retired as a captain.

Mix with this is a distinguished career as a newspaperman and you have the ingredients of an author who has written down an account of the sea during the crucial years after America's entry into World War II.

The title of Dr. Bassett's novel also is its hero, Comdr. Cress Hensley Morgan Prince, USN, Annapolis 1927.

His meticulously blue-printed naval career has led him to the staff of the commander-in-chief, U. S. Pacific Fleet against a desk far removed from the perils of the sea.

Prince, who may or may not be partly autobiographical, has all the equipment for a naval officer bent on success.

His manner is suave when it should be he is handsome in a sort of Randolph Scott mode, and he wears his uniforms well.

Nevertheless, an associate editor of the Los Angeles Times, Bassett also wrote "Harm's Way," a tense tale of the Pacific war which later became a motion picture starring John Wayne and Patricia Neal.

That one essential of a fighting man—courage.

Then comes the war and Prince's combat command, a group of aged four-stack destroyers.

He takes them through the enemy-infested waters of Java and the Philippines during the seeming doom-days of the Pacific war.

Eventually he commits the ultimate sin of abandoning his own ship to the foe.

This traitor and his off-the-floor comeback to avenge his shame are the two major thrusts of a sea.

Prince, who takes the reader into the fires and chaos of battle, from the strategies of the war room to the turrets and bridges of the fighting ships.

With all this, Prince has his moments as a sort of amorous relief from his ambitions, fears and finally the blind courage of his decision to attack U. S. Pacific Fleet against the odds—and win.

Prince winds up as a four-star officer. Yet he still is a no-book hero.

You get the feeling Prince is a sort of mixture of a hundred commanders who have made it the hard way during those long, terrible months in the Pacific.

An associate editor of the Los Angeles Times, Bassett also wrote "Harm's Way," a tense tale of the Pacific war which later became a motion picture starring John Wayne and Patricia Neal.

### Babson Forecast

gress to move to an earlier date the planned revision of the federal income tax structure so as to increase consumer disposable income, and to grant a tax credit for certain business capital expenditures. He also imposed a 10% surcharge on certain imports of foreign goods.

Initially, public reaction was favorable. The program was regarded as a positive step in coming to grips with the vital problems afflicting the economy.

However, the piecemeal fashion in which the second phase of the program was unveiled left few consumers, businessmen, and investors in an uncertain frame of mind.

Doubts mounted as early take-warm labor acceptance of the program turned to antagonism, and as industrial activity, consumer spending, and unemployment failed to respond as quickly as had been anticipated.

#### VESTIGES OF HOPE.

On the surface, the disappointing economic results of 1971 would seem to point to a year of inept failures. A deeper analysis reveals grounds for a contrary view.

Even though business and employment did not respond as the Nixon Administration had anticipated, there were extenuating circumstances which critics of the new economic game plan have been remiss in considering.

For example, there was the protracted tie-up of West Coast ports, and subsequently a virtual paralysis of East Coast and many Gulf Coast ports which exacted a toll on the economy.

In addition, there were the coal and copper miners' strikes, and the inescapable liquidation of strike-hedge steel inventory stockpiles.

These retardant factors would have exerted adverse influences even if the Administration had not opted for "controls".

Furthermore, the faint-hearted market seekers and the opportunistic politicians may be premature in labeling the Nixon economic game plan an exercise in futility.

There has not been enough time to gauge the results of this program.

After all, Congress has been agonizingly slow in acting on those facets of the program which are beyond the jurisdiction of the President.

#### 1972 YEAR OF SOLID PROGRESS.

AT THIS OUTSET OF THE NEW YEAR, THEREFORE, THE STAFF OF BABSON'S REPORTS VIEWS CONSTRUCTIVELY THE PROSPECT OF WHAT LIES IN STORE FOR THE ECONOMY.

We are hopeful that the Administration's economic game plan will jell sufficiently to encourage business men and consumers to stoff off their coconuts of cautiousness and assume a more optimistic perspective.

Such an improvement in public confidence, after the long steps of uncertainty of the past three years, should produce a definite pattern of business improvement.

It would be well not to expect an immediate return of boom

conditions for the economy as a whole.

The fight against inflation will require continuing vigilance and therapy, and the large reservoir of idle productive capacity in American industry the task of paring unemployment will require patience.

The Nixon Administration's economic program was not set forth as one which would produce deflation, but rather one which would restrain inflationary pressures sufficiently to create productivity gains and make for solid progress in the economy, as opposed to the illusory gains of recent years when price inflation accounted for much of the advance.

So, to the extent that inflation is curbed, Babson's Reports forecasts that 1972 will emerge as a period of genuine achievement.

#### THE WORRISOME CLIMATE.

The primary characteristic which the staff of Babson's Reports expects will mark 1972 is the climate of the economy to regain its forward thrust in the next twelve months is an anticipated decline in certain troublesome areas.

The major labor groups are tied to multi-year contracts, and the economy is not scheduled until 1973. Hence, on the labor front, it will be a year of relative quiet on the part of the major unions, whose walkouts can be quite debilitating to the economy. To further brighten the background picture for the coming year, we anticipate no real money and credit worries for the better part of 1972.

Even as demand for money and credit increases in pace with the projected improvement in economic activity, the monetary authorities are well situated to pump in additional credit to meet legitimate business and individual needs, and the likelihood of another restrictive credit crunch.

Corporate liquidity in general has been bolstered quite significantly during the past two years; thus, except for the marginal companies which have been pushed to the wall.

We must also remember that even though the tax incentives have been extremely slow in gaining congressional approval, it is very likely that initial benefits to the economy will be seen by the end of the first quarter of 1972.

Moreover, the Administration will strive to impart more zip to the economy because of the national elections coming up in the fall of 1972.

Probably one method will be to increase attempts to stimulate trade with hitherto restricted Communist countries.

One thing is true, however—that the Nixon Administration is going to give the economy more latitude to stimulate the economy which other incumbent Administrations have had in the past, due to the grave budget deficit problem.

Nevertheless, the healthier background, which is prevailing, should produce a greater willingness to spend on the part of consumers.

Some pickup in retail trade surfaced in the latter part of 1971, albeit on a spotty basis.

Improved consumer demand, higher inventory requirements as a result of a more buoyant level of general business, and the incentive of the investment tax credit should bring management thinking around toward policies emphasizing the expansion of inventories and increases in capital spending.

The tidy features of this juncture, there are some important ifty aspects to the 1972 outlook.

As 1971 drew to a close, however, some of these vital issues did take a turn for the better. But until they are actually resolved, these adverse elements will exert some dampening influence on public sentiment.

The most important change for the better was the monetary situation. The leading free world nations achieved a meeting of the minds and realigned their currency parities.

The American dollar was devalued 8.5% in an increase in the official price of gold, while stronger foreign currencies were valued upward. On the other hand, it will require a little time to hammer out more equitable climate for American goods in foreign markets. Until the trade agreements are revised, foreign commerce will remain a tenuous area.

Another area concerns the machinery of Phase Two. It will be successful in keeping inflation in check, or do the monetary authorities will labor in the initial rulings of the Pay Board portend an inevitable loss of effectiveness in the fight against inflation?

Also, will labor groups revolt against the game plan and widespread general strikes? For the record, we are hopeful that under the new conditions to give Phase Two some latitude to which to operate.

The possibility of uncertainty is of a military nature. We refer to the threat that one of the world trouble spots will suddenly lose its limited scope overnight and become the "cause celeris" in the jockeying for supremacy of the three major powers.

There is adequate precedent in each of the now known Third World areas, such as East, Southeast Asia, India and Pakistan.

Let us hope the attempts of peaceful rapport with Russia, the Nixon Administration to Red China, the winding down of the Vietnam conflict, and our thus far resolute stance against being drawn into a "war" problem will provide a calming influence and keep these trouble spots from becoming the breeding grounds for World War III.

Inflation versus deflation. The shift in Nixon's economic strategy last summer never did include a goal of deflating the economy.

Rather, the object was to restrain the dangerous pace of inflation, which had been accelerating during 1969, 1970, and the first half of 1971. But it would be unrealistic to expect an equilibrium between inflationary and deflationary forces.

Instead, what we look for is a moderate degree of inflation on both price and cost fronts. Buffers against a return to hyperinflation are expected to be the monitoring on the part of the Federal Government and, for the better part of the year, the carryover of 1971's record farm production, plus the large reservoir of unused industrial productive capacity.

One must remember also that despite the generous wage concessions to the coal miners, the railroad signalmen, and others, the major labor union contracts are going into their second or third year.

In multi-year contracts, the labor cost increase is usually "front-end loaded," which means that almost half the total increment of the contract is contained in the first year.

That each succeeding two years has substantially smaller labor cost increases by comparison.

The most difficult aspect of inflationary potential which faces the country in 1972 is that of public finance.

The Federal government in the fiscal year which ends June 30, 1972, will find it hard to improve on the horrendous deficit of \$32.1 billion for the fiscal year ended June 30, 1971.

Indeed, unless Congress shows greater spending restraint, the federal budget is in jeopardy of "falling into the red" by well over \$30 billion in this fiscal year.

As the next fiscal year unfolds, President Nixon's inability to hold overspending to

a tolerable level might haunt him and the Republican Party in the elections of 1972.

DOLLAR DEVALUATION. The devaluation of the American dollar near the end of 1971 took place pretty much in line with the expectations of the Babson's Reports staff, at 8.5% in terms of the official price of gold.

Moreover, the multi-national currency realignment process was pretty much what the Babson staff had anticipated, and the elimination of the 10% surcharge on imports as a part of the effort to revitalize international commerce took place as expected.

The term "devaluation" implies the probability of a loss of public confidence, along with chaotic business and investment conditions. However, the American public has been conditioned to the prospect of devaluation in recent years, and more particularly over the past year or so.

Therefore, since devaluation does not affect the value of consumer purchases, power here at home for domestically produced goods and services will be evident in higher prices for foreign goods shipped into this country, and less buying power for Americans traveling abroad, no traumatic or protracted turbulence.

It is likely that more equitable trade agreements will be consummated which will be beneficial aspects of the total currency realignment program should be a net plus factor for the American economy over the next few years.

That is, the U. S. should gain a more equitable position in world trade.

And, also, since our burden of war is being shifted to the now well-to-do NATO nations is likely to be shared—albeit grudgingly—by those countries over which we have held a protective umbrella, the adverse trade and payments balances should post some relief in 1972.

BUILDING AND CONSTRUCTION. The residential building picture "saved the bacon" for 1971. Strength was centered largely in housing and in heavy construction related to the generation of electric power.

For all practical purposes, however, home building was the main show in the building field, with an average annual rate equivalent to 2 million units started in 1971.

Looking ahead, Babson Reports forecasts that residential building will remain in the forefront of a high level of total building and construction activity. The chief ingredients for sustaining the building boom in housing should again be present during the year ahead.

Money and credit for mortgage demand are ample; the cost of long-term credit has backed away somewhat from peak levels; and the rule of new family formations is definitely on the upswing.

Indeed, the latter could be accentuated in 1972 by improvements in business, employment and personal income picks up as expected.

With the high level of home building expected to persist throughout 1972, the building materials, home furnishings and accessories, and appliance industries should enjoy brisk business in the year ahead.

The housing sector of the economy packs a powerful wallop in terms of materials, labor and manpower utilization, and in contributing flow-through strength to related industries. All in all, this will make for a stronger real estate market in the year ahead.

We look for non-residential construction to start slowly but gather steam as 1972 progresses. Because of the delay by Congress in implementing the 7% investment tax credit, many

businesses have had to "sit on pull down some of the incremental revenues to the profit figure.

Furthermore, industrial activity will have to make good a bit of headway before enough excess productive capacity is absorbed to make businessmen more expansion-minded.

CONSUMER SPENDING. The Babson staff forecasts a good increase in consumer spending for 1972.

A beginning of the long-awaited revival in consumer spending was a evident during the past year even though, for the most part, retail trade was operating in periods of promising gains could not be sustained.

In addition, an inordinately high percentage of personal income went into savings in 1971, further fattening the backlog of buying power.

With fewer major danger points in the offing, consumers should be much more willing to loosen their purse strings in 1972.

Increases over the past two years in personal consumption expenditures and private domestic investments in residential building have figured prominently in lifting the American economy above the trillion-dollar gross national product mark.

And, in 1972, the GNP should show a net gain approximately 7% over 1971's figure, and about 5% on a deflated basis.

PERSONAL INCOME AND EMPLOYMENT. The emergency freeze and the subsequent controlled economy slowed the upward trend of personal income.

Not only were wages frozen, but the rent freeze restrained, while investment income from dividends and interest likewise leveled off.

In view of the generous awards approved by the Pay Board and a recurrence of the upward trend in total personal income in the year ahead, Babson's forecasts for 1972 average about 8% above that of 1971.

This will not all be the result of higher wage rates. Since the second quarter of 1971, total employment has had an upward bias. Unemployment has followed a more or less sideways trend during the months of 1971.

As economic activity gains strength, we look for employment to show a more distinct betterment in 1972.

There will be some progress along the line of reducing unemployment, but it will be difficult to shrink the jobless ranks below the 5% unemployment rate by year-end 1972, according to estimates of Babson's Reports.

Because the labor force is now in a period of accelerated growth, and the military is expected to reduce its manpower requirements further, the task of absorbing new entries into the labor market will be difficult.

BUSINESS PROFITS AND DIVIDENDS. Babson's Reports forecasts a gain in after-tax profits approximating 10% over 1971.

Because of the examples of inequitable disparities between wage boosts over price hikes in the initial rulings of the Wage Board and the Price Commission, we probably would have projected a larger increase—say, somewhat in excess of 15%.

While profit margins will be controlled, there is still room for a net corporate profits to show progress.

This is because a rise in business volume and the benefits of some rather stringent cost-reduction programs enacted over the past two years will permit many corporations to

pull down some of the incremental revenues to the profit figure.

Also, those companies which had suffered poor earnings in one or two of the past years can raise prices in order to allow depressed profit margins to assume a healthier status without violating the guidelines.

The ceiling on dividend increases imposed upon corporations which had paid out cash dividends will naturally hamper the progress of income for investors.

This is another area in which 1972 and annual economic improvement will differ from other years of business rebound.

The limitation on dividend increases will not act entirely to the detriment of investors because many corporations will have no alternative but to plow back more earnings into the business.

This will augment their liquidity, further shore up working capital, and enhance their capability for expansion and modernization programs.

TAXES. Taxpayers should experience at least a small degree of relief at the federal level on income taxes during 1972.

However, part of this advantage will undoubtedly be negated at the state and municipal levels, where new or higher levies seem unavoidable for taxation of incomes, personal property, and sales on products and services.

But it will be nip and tuck even at the federal level, unless the improvement in business brings a sudden expansion of revenues from taxes, and unless federal expenditures can be reduced from currently projected lofty rates.

The odds are that, in view of election-year considerations, the passage of a federal income tax boost will be greater in 1973 than in 1972.

For corporations, restoration of the investment tax credit will yield some tax advantage at the federal level.

In summary, we expect recent enacted tax relief measures

to provide some benefit for both individual and corporate taxpayers.

BOND MARKET OUTLOOK. The decline during 1971 was abrupt for short-term money rates, but more gradual at the longer end of the maturity scale.

Inasmuch as the economic profile for 1972 is viewed by Babson staff as one in which the ascent is likely to be solid but gradual, it is not likely that the demand for money and credit will be voracious.

But we look for short-term money rates to remain near current levels initially and then exhibit firm-to-higher moves as 1972 progresses.

Long-term interest rates will reflect continuing heavy capital needs at the federal, state, and local government levels.

Bond prices, therefore, should show some further firming as 1972 unfolds, but any additional increase is likely to be quite limited.

Indeed, possibly after mid-year, there will be signs of tightening in credit supplies. Thereafter, the bond market may anticipate a turn back upward in interest rates.

Just how much ground bond prices will give up depends upon the degree of inflationary psychology and the vigor in business capital spending in the second half of 1972.

Therefore, while yields on bonds and preferred stocks are considerably lower than at the height of the credit crunch of 1968-69, investors will have a generally favorable climate for making investments in good-quality fixed-income securities.

However, because inflation is likely to persist in 1972, albeit at a slower pace, investors who are not obliged to seek the highest current yield possible (in terms of principle and income included) may be better off to place some of their funds in convertible securities.

As the new year makes its debut, there is still a goodly supply of bonds and preferred stocks which have the conversion privilege and which offer the investor a little better income than common stocks.

But this opportunity may not be present for long. As stock prices advance, these convertible securities take on greater value, and as market prices increase, the percentage yields which are available to investors naturally decrease.

Stock Market Outlook. Babson's Reports is looking for a good year for the stock market in 1972. The advance which began just after Thanksgiving Day 1971 should be extended in the year ahead, although correction phases are to be expected.

Barring some unforeseen major development, such as a radical degeneration of international conditions, the Dow Jones Industrial Average can be expected to challenge to the previous all-time high near the 1,000 mark.

Indeed, chances are that the previous top can be pierced as the stock market marches toward its high for the year, with the peak coming sometime in either the latter part of the summer or the fore-part of the fall season.

Right now, the bargain counter is still laden with attractive buys in common stocks of all varieties.

Dr. Charles F. Schroeder, 34, of Lexington, Mass., a son of Mr. and Mrs. Marshall Schroeder, 1534 Johnson Road, is listed in the New York Times column, "Who's Who in Sports for 1971," after being named the top competitor in a national rifle match, according to a letter received by his parents this week.

### Dr. Schroeder Listed in Who's Who in Sports

Dr. Schroeder who is a Commander in the U. S. Navy Reserve, entered the contest at Camp Perry, Ohio, in August, and won the national Daniel Boone trophy with a score of 888.14X out of a possible 900. In the National Trophy Individual Match, Schroeder emerged from the field of 461 of the nation's best high powered rifle men as the winner of the top award.

Schroeder's total of 488 points was matched by the second place finisher, Marine Warrant Officer of Quantico, Va., but the Navy officer put 14 of his shots in the X-Ring, compared to 11 X-ring hits by the Marine.

Strikes Parked Truck. The car of Terry L. Henderson, 2707 Harvey Place, pulling from the curb at 10th Street and Grand Avenue in Madison, straddled the parked truck of Morris J. Brown, 825 Grand Ave., at 1:50 a.m. Tuesday, police reported.

good-quality growth stocks, rebound situations for capital appreciation, and speculative situations at varying prices.

Naturally as previously mentioned, with the favorable prospects for building, stocks of companies which stand to benefit from the home building boom are among the attractive buys for 1972.

Nor should investors overlook the companies which stand to benefit from the investment tax credit. These include manufacturers and purchasers of trucks and truck transportation equipment.

The farm equipment companies can also benefit from this "tax break," and considering the excellent farm year of 1971, demand for agricultural equipment should be running upward after a long downturn.

Other groups of stocks which should reflect better sales and profits in 1972 include chemicals, pollution and waste control, and those which have participation in the medical equipment lines.

Remember also that the role of consumer spending looks important over the coming year. Therefore, many retail food and apparel stocks represent good candidates for capital appreciation.

## ISU Registration Deadlines Set

Illinois State University has announced the deadline for admission and registration procedures for the second semester of the 1971-72 academic year.

Any student not enrolled on campus during the first semester must apply for admission to readmission by Wednesday, Jan. 19. Application forms are to be on file in the Office of Admissions and Records by 5 p.m. on that date.

The deadline to pay fees and complete pre-registration is noon Saturday, Jan. 22. Students may complete the pre-registration process by paying their second semester registration fees at the McCormick Hall Gymnasium Jan. 18-22. If fees are not paid by noon Jan. 22, pre-registration course requests will be canceled and the student must go through registration at Horton Field House.

Field House registration will be from 1 to 4 p.m. Thursday, Feb. 3, and from 8 a.m. to 4 p.m. Friday, Feb. 4, with students reporting at the southeast entrance to the building according to a published schedule based on alphabetical listing. Students registering only for late afternoon, evening or Saturday classes register at the field house between 6:30 and 9 p.m. Thursday, Feb. 3.

Printed copies of the complete registration schedule together with the list of second semester course offerings are available in the registration office located in Moulton Hall, room 108.

ISU students are now required to use their Social Security number to register. This number is to replace the current I.D. number on all student records.

Second semester classes will begin at 8 a.m. Monday, Feb. 7.

## Capt. Keeton Graduates At Tampa University

Capt. Jesse L. Keeton, son of Mr. and Mrs. Riley S. Keeton, 2811 W. 2nd St., was one of 172 graduates of the University of Tampa receiving degrees during mid-year commencement exercises in McKay Auditorium on the UT campus.

Keeton received a bachelor of science degree with a major in business.

Capt. Keeton attended the University of Tampa on the military "bootcamp" program. He was an active member of Omicron Delta Epsilon and secretary of Pen and Sword Society.

He is a graduate of Granite City High School.

WSIE Student Manager

## SIU-SW Radio Station Programmed for Public

An educational radio station has an obligation to the public to program public affairs issues, John Harris, new student manager of Southern Illinois University-Southwestern's FM station at Edwardsville, says.

"Commercial stations are sometimes afraid they'll lose their listeners and don't go in depth on this kind of programming," Harris asserts. "Some broadcasters feel that their listening audience has the equivalent of an eighth grade education, but I believe today's listening audience is more sophisticated. WSIE is filling a gap in this area left by the commercial stations with programs which are entertaining as well as informative."

Harris says there are not plans for altering the station's format, despite claims from a handful of SIU-SW students that the station is not programmed for student listening interests.

**Educational Status**  
"I don't have to defend WSIE's programming," Harris says. "The very nature of the station's educational status is its own defense. WSIE is more than a campus station. We are beaming out 50,000 watts so we have to be concerned with a larger listening area than the campus."

"Those who want rock and roll can tune in a station featuring that kind of programming," the new manager pointed out. "The flack about the station comes from those who have not concept of broadcasting or who have not taken the time to find out what we are doing."

WSIE is here to afford students the opportunity to gain experience in broadcasting," he said. "We produce our own shows and innovative ideas from students are welcomed by our mass communications faculty."

## Judges Named for Achievement Program

Three prominent men have been named as judges for the 1971-72 Student Achievement Recognition Program at Lewis and Clark Community College.

James Pitts, campus coordinator for the student competition, announced today the selection of Nick Maggos, president of the Pepsi Cola Bottling Co. in Alton; Wilbur R. L. Trimpe, Madison County superintendent of schools; and James Bailey, administrative assistant for school-community and student relations for the Alton school district.

The judges will review the candidate's applications and interview each student individually. Judging will be based on the student's progress toward a chosen career goal, and his participation in school and community services. On this basis the judges will select the two top students, one man and one woman, at Lewis and Clark Community College.

Winners each will receive a \$100 cash award and in March will compete for \$250 prizes in one of six district competitions, with the winners from the 45 other public junior college campuses in Illinois. Two from each district will be selected as finalists, and they will compete in the state finals for a \$1,000 cash award each as the out-

In part, the training at WSIE should be and is a form of discipline, Harris maintains. "It trains the broadcasting majors to be responsible and to be professionals. There are at least 20 working in the commercial market in St. Louis alone who gained their experience at WSIE."

**Time Precious**  
Time, according to Harris, is the most precious commodity in broadcasting. "There is always a series of deadlines to meet," he says. Broadcasting is a demanding and competitive job. When you go on the air, you're in show business, so you must always do your best, Harris believes.

"Although WSIE isn't a commercial station," he says, "it should be operated like one because we are competing indirectly with commercial stations for our listening audience."

"I don't care how good you are," Harris claims, "if you aren't responsible, you're not going to make it in this highly competitive field, so I put key emphasis on discipline. Get in the habit now of being responsible and you won't be in trouble in the future."

Born in Washington, D.C., Harris, whose father was a career serviceman, spent seven years in Hawaii but likes to call San Diego his home. "That's where I've spent most of my time," he says. "I was a professional gambler in California for two years and school was only a hobby, but I always knew I would wind up in speech or mass communications. At SIU-SW, Harris has maintained an A-minus average."

Harris has worked at everything at WSIE from newsmen and newscaster to anchorman, producer and even disc jockey. "I have one ambition—to own my own radio station," he says.

## Youth Swim Program To Be Held at YMCA

The YMCA is announcing an other Mon-Tot Swim Program. Ronald Ireland, aquatic administrator, said the program is designed to help parents train their youngsters in the water. It is for infants to nursery school aged youngsters. Class will be 11 sessions.

The first session is for parents only, but a baby sitter will be provided for the child. A brochure on tot instruction, plus a film will be shown and discussed before the pool training starts for the parents. The next 10 sessions are for the parents and tot.

The training session starts Jan. 17, 1:15 to 2 p.m. The next 10 sessions will meet on Wednesday, at the same time for 10 weeks, class ends March 22. Fees for the class are: Family members \$2. Parents with full membership \$5.50 and non-members \$11.

Those interested in further information or registration may call at the YMCA, 876-7200.

## D. R. Derge, New SIU Head, to Arrive Jan. 15

David R. Derge, newly-appointed president of Southern Illinois University at Carbondale, is expected on campus about Jan. 15 to get a "running start" on the job he takes over officially Feb. 1.

Willis Malone, executive vice-president, said Derge has indicated he will leave his Indiana University post (executive vice-president for administration) to come to Carbondale early and "meet people and familiarize himself with things."

Malone said Derge will be provided a residence—at least temporarily—at 810 S. Elizabeth St. The eight-room frame and

brick veneer home is owned by the SIU Foundation. Most recent occupant was the now-dissolved University Administrative Council.

The foundation bought the residence in 1962 from Carbondale physician Dr. Eli Borkon at a reported price of \$38,000. Subsequent temporary tenants included various rent-paying faculty members, including Robert MacVicar, former chancellor.

The two-story home includes two fireplaces, two-baths and 11 closets. It occupies an 87 by 130 foot lot.

James Brown, chief of the SIU Board of Trustees staff, said that office is "still exploring the possibilities" of re-designating the University Conference Center as a residence for the president. The structure was originally designed as a combination executive residence-guest lodging facility. A controversy over its cost and funding led to a

## Students from Eastern Attending Law Schools

Students who have taken pre-law studies at Eastern Illinois University are finding open doors at major university law schools.

Since 1968, when Dr. Charles Hollister assumed the position of pre-law advisor, about 100 Eastern graduates have entered law schools. And, for the first time in the school's history, a graduate is now enrolled in the Yale University Law School.

Other noted law schools where former Eastern students are enrolled include Northwestern University, University of Iowa, University of Texas, Baylor University and the University of Illinois. In addition, others have applied at Harvard University's Law School.

### BROWNIES FOLLOW BUSY SCHEDULE

Brownies of Troops 103 and 331 sponsored by Logan School have completed a busy schedule for the month of December. Activities of each troop included a Festival of Giving program held Dec. 12 with each troop presenting a decorated basket filled with canned goods for a needy family, along with Christmas ornaments made by the girls.

For Christmas gifts, the Brownies made desk calendars for their fathers and designed their own melamine plates for their mothers. Each troop held its own Christmas party at the leader's home. Troop 103 met at Mrs. Margaret Parker's home, 2416 Ohio Ave.

Refreshments were served and marshmallow snowmen made by their leader, Mrs. Wanda Moore, were used as favors. A gift exchange was held and each girl received a Brownie necklace from their leaders.

Games were played with prizes going to Becky Dover, Elizabeth Peters and Darlene Moore. Christmas carols were sung. Those attending were Connie Parker, Lori King, Debbie Parker, Carol Ann Crutchfield, Pam Enyart, Vickie Enyart, Ruthann Miller, Tina Hankins, Nancy Valley, Melinda Dacus, Melinda Cigelski, Laura Rigby and Donna Ziekin.

Troop 331 met at the home of their leader, Mrs. Dorothy Foster, 2612 West 26th St. Refreshments were served and favors were Santa Claus hand puppets. Games were played and prizes were presented to Sherry Winger and Debbie Davis.

Gifts were exchanged and the

## Former GC Couple to Present Concert

Mr. and Mrs. Raymond Voorhees, ministers of music at the First Baptist Church at DeRidder, La., formerly of Granite City, will present a concert of sacred music at the Cherry Street Baptist Church in Alton on Sunday, Dec. 27, at 7 p.m. The program is open to the public.

Voorhees served as director of vocal music at Granite City High School for two years prior to resigning this fall to accept the post in Louisiana. He also directed the "Music Under the Stars" summer series in Wilson Park the past three seasons.

His wife, the former Shirley Simmons, a daughter of Mr. and Mrs. Harvey Simmons of Alton, is former organist at the Godfrey Baptist Church in Alton. She served as soloist on several occasions at the American Baptist Assembly at Green Lake, Wis., during the summer months.

## Stubblefield-Pollard Nuptials

Miss Barbara Pollard and Lloyd Stubblefield were united in marriage in an evening ceremony on Dec. 25 in the home of

the Rev. Austin Fisher, 1616 Ferguson Ave.

Attending the couple were Miss Dorothy Pollard, a sister of the bride, and Harry Kelley.

The couple's parents are Mr. and Mrs. Nat Vineyard, 2600 Grand Ave., and Mr. and Mrs. Dallas Stubblefield of Old Ripley, Ill.

The newly-married pair will make their home in Granite City.

A native of Granite City and a graduate of the local high school, Voorhees is the son of Mr. and Mrs. Gerald Voorhees, 3246 Wilshire Drive.

Before transferring to DeRidder, Mr. and Mrs. Voorhees were ministers of music at Southwest Baptist Church in St. Louis. In conjunction with their music program Sunday, the couple will describe their work at the Louisiana church.

Cherry Street Baptist Church is located at Sixth and Cherry streets, Alton.

**ENGAGED.** Miss Cynthia Anne Kindel, whose engagement to Thomas Edward Loman was announced at a party given this week in the home of Mr. and Mrs. Donald Vaughn of Granite City.

## Loman-Kindel Engagement Told

The engagement of Miss Cynthia Anne Kindel and Thomas Edward Loman was announced at a party given this week in the home of Mr. and Mrs. Donald Vaughn of Granite City.

Approximately 50 relatives of the betrothed couple attended the 8 o'clock buffet dinner at the Vaughn residence. Their parents are Mr. and Mrs. Phillip Kindel, 2029 Lindell Blvd., and Mr. and Mrs. Barry Loman, 56 Janday Lane. Miss Kindel is attending Granite City High School from where she will graduate in January.

The prospective groom was graduated from Granite City High School in 1970 and attended Illinois State University

at Normal. He is employed at the A. P. Greene Co., in Granite City.

Wedding plans are indefinite at the present time.

## 'Mardi Gras Ball' to Aid Cancer Society

Plans for the American Cancer Society's second annual "Mardi Gras Costume Ball" are nearing completion, according to Madison County ACS Unit Board Chairman Harold E. Ruyle.

"The committee has met several times and progress on the dance has been very satisfactory," Ruyle said. Anyone wishing to attend the event, or obtain more information may contact the society's office at 528 Henry St., Alton, the board official noted.

Music for the Feb. 5 costume ball will be provided by the Bob Bernes seven-piece orchestra and Jean Kittrell's Dixieland Band. Additional entertainment will be furnished by Joe Schirmer, noted baritone artist, who also will serve as master-of-ceremonies.

A song and dance team called "The Two of Us" will perform, and other innovations are being considered within the format of continuous entertainment to complete a total evening of dancing and viewing pleasure, Ruyle said.

The affair, to be held at the Lewis and Clark Restaurant in East Alton from 9 p.m. to 1 a.m., Feb. 5, is one of the Madison County Unit's major fund raising projects of the year. Proceeds from the Mardi Gras will be used to help serve cancer patients in Madison County with dressings, sick room equipment, transportation to cobalt treatment centers in St. Louis and to provide various other service items. A portion

of the funds will be utilized to help implement the society's programs of public education and research, Ruyle pointed out.

Patrons of the Mardi Gras will be honored at a champagne cocktail party to take place immediately before the dance at the Stratford Hotel in Alton. The cocktail party will feature a well-known Hollywood celebrity, Mr. and Mrs. Nick Maggos, patron chairman, announced.

**HOME ECONOMIST OFFICERS.** New officers of the Illinois Association of Extension Home Economists have met at the University of Illinois, Urbana, to outline plans for the year's program. President Arvena Pearson, LaSalle County, seated center, is shown with her board, which includes: Mrs. Margaret Esposito, McLean County, president-elect, seated left; and Mrs. Deloris Ellis, DeKalb County, first vice-president, right. Standing left to right are Mrs. Catherine Mauck, Madison County, treasurer; Mrs. Emily McElhany, Logan County, second vice-president; and Mrs. Jean Skinner, Hamilton County, secretary.

## Cooking Corner -- Entree-Type Salad Answers Luncheon Problem for Hostess

By SUSAN DELIGHT  
Copley News Service

Entree-type salads that are different are a wonderful answer to "what shall I serve" for a women's luncheon.

Menu mates can be hot rolls or muffins, hot or cold drinks and easy-to-serve desserts. A dessert tray holding a choice of desserts—it might be tarts with a variety of fresh fruit fillings—makes an exciting luncheon climax.

Two exotic luncheon salads are taco salad and quick luncheon salad. The first also can be teamed with a hot casserole such as rice and seafood, for a man-sized buffet supper. An unusual ingredient in the salad is corn chips, which are crumbled and used as a topping.

Most of the preparation of the quick luncheon salad can be done ahead of time, then combined with the lettuce at the last minute. The flavor of the tuna is very compatible with the sliced peaches. The vegetables lend crunch and additional flavor.

**QUICK LUNCHEON SALAD**  
1 can (29 ozs.)  
cling peach slices  
1 can (12 1/2 ozs.) chunk  
tuna (giant size)  
1/2 cup sliced radishes  
1 cup celery, chopped  
1/2 cup mayonnaise

1/4 cup minced parsley  
1 tsp. soy sauce  
1 tabsp. minced onion  
Lettuce  
Drain peaches. Drain and  
rinse tuna. Combine peaches,  
tuna, radishes and celery. Chill.  
Blend together mayonnaise, par-  
ley, soy sauce and onion. Stir  
into chilled ingredients. Serve  
immediately over a bed of let-  
tuce. Makes four servings.

**TACO SALAD**  
1 can (29 ozs.)  
cling peach halves  
1 can (15 1/2 ozs.) dark  
red kidney beans  
2 cups shredded lettuce  
1/2 cup green onions  
3/4 cup shredded sharp cheese  
1/2 cup sliced ripe olives  
1 avocado, cubed  
Dressing  
Salad greens  
Corn chips  
6 whole black olives

**DRESSING**  
1/2 cup oil  
1/2 cup cider vinegar  
1/4 tsp dry mustard  
1 tsp. salt  
1/2 tsp. chili powder

Drain peach halves; set aside.  
Drain and rinse kidney beans.  
Combine kidney beans, lettuce,  
onions, shredded cheese and  
olives. Chill. Add avocado and  
dressing just before serving.  
Place a mound of salad on  
greens between two peach

halves on each individual plate.  
Top with crumbled corn chips  
and a few whole chips. Garnish  
peach halves with black olives.  
Dressing: Put oil, vinegar,  
mustard, salt and chili powder  
in a jar. Shake to blend. Makes  
three hearty servings.

**DECEMBER BRIDE.** Mrs. William Reimers, the former Miss Cathy Ann Zenik, a daughter of Mr. and Mrs. Edward H. Zenik, 3226 Wabash Ave., who was married at Nameoki Methodist Church.

## Reimers-Zenik Wedding At Nameoki Methodist

Red poinsettias, evergreens and holly decorated the sanctuary and lighted tapers in branched candelabra illuminated the Nameoki United Methodist Church Dec. 23 for the evening wedding of Miss Cathy Ann Zenik and William Reimers.

The Rev. William D. Foster officiated at the 7 o'clock double ring ceremony.

For her wedding, the bride selected a lovely gown in ivory tulle, designed with an Empire bodice, featuring a Victorian neckline, and long tapered sleeves overlaid with a medallion of beaded Alencon lace.

The formal length A-line skirt, enhanced with additional beaded lace, was bordered in deep scalloped and fashioned with a detachable, lace-trimmed court train.

A veil of bridal illusion, extending the full length of the train, cascaded from a camelot bonnet of lace and pearl edged satin. She carried a bouquet of gardenias encircled with a garland of roses and holly.

The attendants, Mrs. Lois Lynch and Mrs. Kathy Getmeyer, and the little flower girl, Lisa Shone, wore identical floor length dresses in emerald green velvet. The high necked lines had collars and ruffled jabots of ivory peau de soie.

Each carried a basket of red and white carnations interspersed with holly and evergreens.

Mark Stephenson served as best man. Ed Weston was groomsmen and Tim Zenik, John Richardson, Charles Mc-

An open house and farewell party honoring the Rev. Terry Shea, pastor of St. Mark's Catholic Church in Venice and an active civic leader, are scheduled from 1 to 3 p.m. Sunday in the church basement.

The affair will be hosted by St. Mark's parishioners who have extended an invitation to all friends of the priest to attend the open house.

The Rev. Shea will depart Tuesday for his new pastorate at St. Francis Xavier Catholic

Church at Jerseyville, where he will administer to the needs of 500 families.

The clergyman has become widely-known in this area for his interest and activities in many civic and service groups since his assignment here four years ago.

He is a board member of the Madison County Economic Opportunity Commission, the county anti-poverty agency, and a member of the Venice Lions Club and the Madison Fine Arts Committee.

Parishioners cite the Rev. Shea for numerous accomplishments, including his successful efforts to keep open St. Mark Parochial School by merging the smaller Venice school with St. Mary's School of Madison.

Madison and Venice pupils now attend classes at both school buildings, depending on their grade level.

The farewell party will start Sunday immediately following the noon Mass. Mrs. Evelyn Tolliver, one of the organizers reported.

## AC 8 Club Holds Christmas Party

Mrs. Carrie Hart, 2141 Delmar Ave., entertained the AC 8 Pinch Club Tuesday evening in her home for a post-Christmas party.

## DAUGHTER BORN

Mr. and Mrs. Kenneth Sorenson, 1201 Third St., Venice, are announcing the birth of a daughter, their first child, at St. Louis Maternity Hospital at 9:35 p.m. Dec. 25. The new arrival weighed seven pounds and six ounces and has been named Carrie Ann. Grandparents are Mr. and Mrs. John Essington, 215 Granville St., Venice, and Mr. and Mrs. Ben Sorenson, 1801 Market St., Madison.

The Rev. Harold D. Skipper, pastor of the Church of God in Christ in East Alto, Mo., and an uncle of the bride, performed the double ring ceremony at 7 p.m.

Spec. 4 Myers is a son of Mr. and Mrs. Hugh Myers of Gambel, Ark., formerly of Collinsville.

For her wedding, the bride wore a gown created by her mother. Fashioned of candlelight satin-faded peau de soie, the dress was designed with an Empire bodice of Chantilly lace and a high collar. Full bishop sleeves were trimmed in lace and gathered to tightly fitted cuffs at the wrist.

The A-line skirt featured front panels of Chantilly lace and a detachable train. A profile headpiece of matching lace and pearls held in place an elbow length veil of candlelight French illusion and she carried a colonial bouquet of "mums and red Sweetheart roses tied with red velvet streamers.

Mrs. Rebecca Savala, matron of honor and Miss Lisa Myers, junior bridesmaid, both sisters of the groom, were attired in power of ruby red velvet in an Empire style. Ivory lace etched the neckline and the cuffs of the long fitted sleeves.

They held ivory fur muffs and wore profile headpieces of matching fur.

Kathy McNeil, the little flower girl, was dressed in a gown identical to the bride. Ring-bearers were Jackie Lee Stearns and Gerald Lynn Stearns, nephews of the bride. Charles and Daniel, Myers, brothers of the groom, served

Mrs. Pansy Polite of Excelsior, Minn., formerly of Granite City, returned home this week after spending the Christmas holiday with her father, Dale Sken and brother, Mike, at 2448 State St.

On Christmas Day, the family was guests at the home of Mr. and Mrs. W. D. Smith of Mitchell and Mr. and Mrs. Ernest Kassabaum, 915 Twenty-fourth St.

While at the Kassabaums, Mrs. Polite received a phone call from her two sons, Marine Privates Robert A. Polite, 18, and Dale Polite, 17, both of whom are serving at the U. S. Marine Recruit Depot at San Diego, Calif.

Also former local residents, the two servicemen were listed in the Press-Record's "Yule Mail Call" and each reported getting about 20 greeting cards from organizations and individuals in the Quad-Cities.

Dale entered the Marines in mid-November while Robert enlisted Dec. 1. The two brothers were visited in San Diego over the holiday weekend by their sisters, Misses Terri Lee and Patty Polite of Excelsior, Minnesota.

## Eastern Sets Policy For Transfer Students

A recently revised admission policy for transfer students to Eastern Illinois University will be implemented at the beginning of the 1972 summer quarter, according to Dr. Sam Taber, Dean, Student Academic Services.

Under the new policy, a student who has attended a junior college or another senior college, may apply for transfer to Eastern for any quarter if:

- He has a composite "C" average from all institutions previously attended; he was in good academic standing at the last school attended; he would be in good standing according to academic regulations at Eastern; he would have met beginning freshman admissions requirements.

Taber said students not meeting the above criteria may apply for transfer after completion of 90 quarter hours (90 semester hours) at a junior college or another senior college with a "C" average.

All transfer students accepted will enter Eastern in good academic standing under the new policy. Under the previous policy, transfers under certain situations were admitted on academic probation.

Taber also said that admission of transfer and former under-graduate students for the 1972 fall quarter will likely be subjected to a cutoff in the near future, and that "students interested should apply as soon as possible to insure consideration of their applications."

## Caroling Children Donate to Hospital

A group of 12 youngsters who live in the area of 2532 Pine St. sang Christmas carols in their neighborhood last week, and collected \$37 which was donated to a hospital fund and a portion used to purchase a gift for a hospital patient.

A gift was sent to Karen Rotter who is a patient at St. Elizabeth Hospital. The remainder was sent to Charles Blaylock to be used for the new proposed county hospital in the Collinsville area.

Mr. Blaylock, a resident of Granite City, has an art gallery in Collinsville and currently is conducting a one-man show of his paintings, with all proceeds to go to the hospital building fund.

Children who participated in the project were Debbie, Lisa, Ronald and Ronnie Rea, Randy Taylor, Ed, Jim and Randy Belling, Sandy and Diane Watkins, Terry Barnes and Terry Gilmore.

## Governor to Address Farm Bureau Meeting

Governor Richard B. Ogilvie will address Madison county farmers attending the 33rd annual meeting of the Farm Bureau organization.

The meeting will be held in the Meridian Hall of the University Center, on the SIU-SW campus, beginning at 10 a.m. on Tuesday, Jan. 11. The meeting will be a dinner session for members who make reservations prior to Jan. 8, according to Marvin Stille, president.

Business to come before the members will include the election to three-year terms, directors from the townships of Alhambra, Chouteau, Collinsville, Edwardsville, Fort Russell, Foster and Godfrey, and the awarding of the 1971 Member Loyalty Award to a Farm Bureau member to be named the day of the meeting. Reports will be received from President Stille, Edward Schrodt, agency manager, Mrs. Waldo Keilbach, chairman of Women's Committee, and the organization report by Frank Thomas.

Those attending the meeting should use parking lot number 9 according to University officials. Members will be met by two University buses and taken to the University Center.

## Three Persons Hurt In Auto Accident

Three passengers in a car driven by David R. Lockett, 1034 W. 20th St., complained of pains after it was in an accident with another driven by Charles K. Milton Jr., 2612 Madison Ave., at 11:55 p.m. Monday at 26th Street and Madison Avenue.

They are Howard Ferris, 56, and Clarence Campbell, 56, both of Charleston, and R. P. St. Clair, 54, of Brockton.

## Beer Bottles Scattered

## Taxpayers Urged to Review Securities Transactions Now

Taxpayers who may have had profits or losses during the year from the sale of securities should give attention now to their tax liabilities from such transactions, according to the Illinois Society of Certified Public Accountants.

David J. Bramson, chairman of the committee on taxation, points out that taxpayers ordinarily seek to hold property for more than six months in order to qualify for the long-term capital gain tax treatment—less costly than taxes on ordinary income and on short-term (less than six months) capital gains.

But if there is going to be a loss on the sale, it may be preferable to take a short-term loss because it can be offset, dollar-for-dollar, against ordinary income, whereas long-term losses can be offset only at the rate of two dollars of loss for one dollar of income.

In either case, the maximum one-year deduction is \$1,000. Both long-term and short-term losses in excess of the

deductible maximum can be offset against capital gains or income in subsequent years.

Losses on the sale of securities can be applied to 1971 income if the sales are made at any time before Jan. 1.

However, for capital gains to be applied to this year, the sale—unless it's for cash—must be made, the CPA official warns, in time to allow five trading days for the transaction to clear.

Another consideration for high bracket taxpayers, he points out, is the possibility of postponing some earned income until next year. The maximum tax rate on earned income will drop from 50% this year to 50% in 1972.

Bramson advises self-employed individuals who have been thinking of setting up a personal retirement plan to consider taking the step now, in order to get the tax-deferred benefit of such plans this year as well as in 1972 and subsequent years.

As much as 10% of earned income, up to a limit of \$2,500,

## DeMolays Present Gifts at Hospital

Members of James Stuart Chapter, Order of DeMolays, presented Christmas gifts at Shriners Hospital for Crippled Children during the holiday season.

A delegation of nine DeMolays and two advisors, after presenting the gifts, was conducted on a tour of the hospital by Noble Michael Macek of Granite City, a member of the Anad Temple hospital unit, and Mrs. Macek.

The gifts were collected at the Dec. 22 DeMolay meeting.

The initiatory and DeMolay degrees are to be conferred on candidates this evening. The class is named "900th Anniversary Charter Member Class."

In honor of charter members who in 1921 formed the first chapter in the state. They will be special guests.

may be put aside in approved retirement funds.

And the tax on such amounts is postponed until after retirement when, presumably, the self-employed individual will be in a lower tax bracket.

## Carly Simon May Become A Legend in Her Time

By JUDY HUGG  
Copley News Service

It was said by many, upon hearing Carly Simon's debut album, that she had the potential to become one of the top female stars in the field of contemporary music.

That was in the early part of 1971 and as the year rolled on, so did the fame and fortunes of Miss Simon. Her hit single, "That's The Way I've Always Heard It Should Be," was a real winner and she is now packing them in at every live performance.

However, it took this long-haired, long-skirted and long-boated gal a while to become one of Elektra Records' top artists. Her career started in the early '60s, when she and her sister teamed up in a duo named The Simon Sisters. From there it was to Elektra for her first solo album and a few club dates, which have gotten better with each performance.

Now Carly has made it to the top and also just released her newest album called "Anticipation," which clearly demonstrates that she's matured into a real professional. Her voice has taken on a certain amount of confidence and her straightforward, middle-class point of view comes through on her own compositions.

Out of the 10 cuts on the album, Carly wrote five of them single-handed and had help on four others from her backup men, Jacob Brackman, Jim Ryan and Paul Glanz. The final cut, "I've Got To Have You," is by Kris Kristofferson.

In staying away from controversial subjects in her lyrics, Carly creates her songs in a dream form or personal state and she likes to have help now and

then "for reasons of variety and inspiration."

However, this well-formed technical style, which has been influenced by her background, is only a very small part of Carly's success. Her real talent lay in the faultless delivery she gives each song.

### Wail or Whisper

Besides possessing a voice that can either wail or whisper, Miss Simon has the ability to become emotionally involved and move with a song without overdoing it.

She can also take almost any song and make it her own, or take a love song and fill your eyes with tears or make you smile with some happy little tidbit. However, this versatility also runs strong and true in Carly's own thoughts.

"You know, people see me as so many different things," she explained, "but my feeling is just that I can't worry about that anymore. If I start thinking about who is the real me, then that's all of a sudden trying to minimize who I am. I think that the really healthy people don't worry about who they are, they just exist. It's true I've had all kinds of identity crises—am I shy? Am I extroverted? Just all kinds of things. But now, I am anything I want to become."

With this type of statement it seems that the best way to label Miss Simon would be simply to say she is sensitive, and her voice as well as her lyrics tend to back this up.

For example, the title song on the album, "Anticipation" reads: "I'm no prophet, I don't know nature's ways—So I'll try dream form or personal state and see into your eyes right now—and stay here, 'cause these are the good old days."

"Anticipation" and "Legend In Your Own Time," a striking cut about a young rock star, show her ability to go from the highs and the lows and seem fit for a great deal of air play. However, "Summer's Coming Around Again" is also a fine cut and floats along mainly on the pure power of Carly's fine voice backed by the guitar and piano.

### "Share The End"

Although the album features mainly Carly on vocals, guitar, and the piano, one must not overlook her splendid backup men, for they do a wonderful job of playing powerful music, yet they don't drown out Miss Simon.

The band consists of Ryan on the guitars and electric bass, Glanz, piano, Andy Newmark on percussion and John Ryan playing the acoustic bass. All of these fellows are fantastic musicians and have helped pave the road to success for Carly, who says:

"I have very ambivalent feelings about wanting to be a success. I wouldn't be in the business at all if I was only interested in myself perceiving my talents. I know what can happen to you if you become a star, and that's frightening."

But Carly is everything she should be and is handling her rise to stardom like a true professional with sensitivity and honesty, and will soon become a legend in her own time.

## Approve Crossing Light Bid for Grade Schools

A \$15,657 bid for the installation of crossing lights at Maryville and Kensington schools by R. Dron Electrical Co., Inc. of Granite City was approved by the Nameoki Township Board Monday night and will be forwarded to the county and state highway officials for final approval.

The Dron bid was approved over a \$17,100 bid by Rite Electric Co. of Granite City.

The bids were called after specifications were received from state engineers who surveyed the project.

"This is much better than I expected. We had budgeted \$25,000 for the crossing lights," Louis Whittell, township supervisor, said as the bids were opened.

**Need Sidewalks**  
Albert Bell, township highway commissioner, explained that the township would be required to provide sidewalks of sidewalk from each school to the new crossings.

**Commissions Recalled**  
Whittell said Madison County Sheriff John Maers reported this week that commissions of eight special deputies employed by the township would be renewed and that the township could purchase bonds for the eight, who include Whittell and Bell. Maers is recalling all special deputy commissions to review them.

The board requested that William Schooley, township attorney, send a letter to the State Highway Department requesting that bushes and trees on Angela Drive at Maryville Road be trimmed to allow proper vision for cars. Angela Drive is a state-maintained street, Whittell explained.

The board discussed the appointment of three members to the Long Lake Fire Protection District's board of trustees. Whittell said he would make no appointments until the state attorney general rules on the legality of appointing a member of the fire department to the board.

Schooley previously indicated he felt firemen, as trustees would constitute a conflict of interest, but the attorney for the fire protection district maintained the matter was in conflict. The question was referred to the attorney general's office for a final interpretation. No time limit was set for the ruling, but Whittell said if a decision is not made soon, he will request immediate action.

The town board reapportioned

manual disconnect switches are used to isolate the circuit breaker for repairs. "The men were adjusting the disconnect switch when someone apparently made a mistake," Marvin said.

He said the fireball caused approximately \$200 damage to the concrete cubicle used to enclose the breaker and disconnect switches.

He has not yet determined if any damage was done to the generator, or other equipment but said he has no power shortage," he said.

## Hearings Set on Ban of Throw-Away Cans

By RAY SERRATI  
Copy News Service  
Springfield—Four dates have been selected for public hearings by the Illinois Pollution Control Board concerning the establishment of a five-cent tax on throw-away beverage cans and bottles.

The hearings will be held on Jan. 25 in Chicago, Jan. 26 in Springfield, Feb. 8 in Springfield and Feb. 9 in Alton.

Earlier in the year a group of citizens went before the board with a petition seeking to have a ban established on the sale of non-returnable cans and bottles.

As part of its pre-hearing activities to aid needy Quad-City families, Catholic Charities, a United Fund agency, distributed food, clothing and medicine to needy families in the Quad-City area.

## Bethel 43 Holds School of Instruction

A school of instruction for newly installed officers of Job's Daughters, Bethel 43, was held Tuesday evening at the first meeting presided over by Miss Shirley Brokaw, honored queen. Those escorted and introduced were Miss Kristie Christlich, past honored queen; Mrs. Nell Baskette, Bethel guardian; Miss Elaine Lockhart, honorary state musician; and Miss Patty Brokaw, grand representative to Kentucky in Illinois.

Miss Lori Houser was appointed chairman of the sun-

shine committee. The Bethel's five messengers will serve on the telephone committee. Miss Sue Sackett reported on the cross formation performed at the installation of Granite City Masonic Lodge 877 officers and Miss Bella Blanton ship gave details of a Christmas caroling project conducted at St. Elizabeth Hospital. Miss Sackett also gave the librarian's report, entitled "What One Can."

It was also announced that Dr. E. H. Theis, past associate guardian of Bethel 43, is a pa-

tient at St. Elizabeth Hospital, and a discussion reviewed plans for future fund raising projects. Remarks were made at the close of the meeting by Mrs. Baskette, Miss Kathy Parnley and Miss Brokaw. Birthdays celebrated were those of Miss Kristie Christlich, Gus Christlich and Mrs. Jo Ann Elmore. Secret pal names were drawn and refreshments were served by Mrs. Alene Graham, president of the Mother's Club and her committee, to conclude the meeting.

## CUB PACK HAS

HOLIDAY PROGRAM  
Cub Pack 7 of St. Joseph's School held its December Pack meeting to celebrate the Christmas holiday season. Joe Geisler, committee chairman, welcomed the group and the Webelos, under direction of their leader, Mrs. Ben Buhmann, gave the pledge along with the Red Stelton recording on the meaning of the pledge.

Shirts were presented by Den 2, "It Was The Night Before Christmas," which featured Scout Tim-Geisler, Joseph DeRuntz, Mike Bennett, Robert Mungovan, John Mungovan, Chris Lukaszewicz, Matthew Lukaszewicz, Tim Beren and Mark Wallace. Leaders are Mrs. Myrna Geisler and her assistant Mrs. Kathy Wallace, who served as narrator for the skit.

Den 1's skit was entitled, "Den 1's Gift," under the direction of leaders, Mrs. Jean Stanfill and assistant Kathy Stanfill. Scouts participating were Steven Payne, Parry Perdue, George Buhmann, John Buecker and Wesley Stanfill told about the process used in making polished rock key rings as holiday gifts. The Webelos then gave an original skit written by the boys, "The Three Wise Men."

The awards ceremony was conducted using a Cub Scout family Christmas Tree of five symbolic candles. George Buhmann made the item for the Pack and Mrs. Buhmann explained the use of the tree. Cubmaster Andy Timko presented the following awards:

Mrs. Jean Stanfill, training award and medal, and certificate; Mrs. Kathy Wallace, training badge and gold and silver arrows; Robert Mungovan, Bear badge and gold arrow; Mark Wallace, Wolf badge and gold arrow; Perry Perdue, Bob Cat pin; George Buhmann, Wolf badge; and Chris Lukaszewicz, Bear badge.

Webelos awards went to Wesley Stanfill, Athlete and Aquanaut; Richard Buecker, Athlete; John DeRuntz, Aquanaut; Chris Lukaszewicz, Athlete; and Wesley Stanfill, Athlete and Aquanaut.

The "Pinewood Derby" will be held Jan. 27 under the direction of Buhmann. Scouts were presented kits as Christmas gifts from the Pack.
